

"AMERICA MUST BE PREPARED"—WILSON

Washington, Oct. 6.—President Wilson outlined his attitude toward the national defense question today to the new advisory board of the navy. He believed, he said,

the whole nation was "convinced that we ought to be prepared, not for war, but for defense and very adequately prepared."

The president received the members of the board, headed by Thomas A. Edison, after their preliminary conference with Secretary Daniels and navy officials. The board later went with Secretary Dan-

iels to the naval grounds at Indian Head, Md., on an inspection tour.

"There is very little that I can say to you," President Wilson said, "except to give you a very cordial welcome and to express my very great pleasure in this association of laymen with the government. But I do want to say this: I think the whole nation

is convinced that we ought to be prepared for defense is not merely a technical matter, it is a matter that the army and navy alone can take care of." (Continued On Page Two)

TWO MILE DINNER IS HUGE SUCCESS

Bulgars Defy Russia, Send Serbia Demands; Greek Cabinet Resigns

FRANCIS JOSEPH IS ILL

Rome, Oct. 6.—(Via Paris)—It is said on good authority here that Emperor Francis Joseph of Austria is dangerously ill and that the Austrian crown prince has been called to Vienna.

In addition to the heir to the throne it is said that Baron Von Burian, the Austro-Hungarian foreign minister, and Count Tisza, the Hungarian premier, also have been called to the capital. The news, it is stated, has been kept secret up to this time, for fear of the influence it might have upon the international situation.

WANT MORE DYESTUFFS

New York, Oct. 6.—American importers of dye stuffs are negotiating with the British government to obtain six cargoes from Germany by way of Norway and Sweden, it was noted today. The imports have to be sent not only with the danger that Great Britain will seize the dye stuffs on the way across the ocean, but against the German embargo on the exportation of such material. It was said that an agreement had been reached with the British government, under which the American importers promise to reship fifty percent of the cargoes to Great Britain. It is not certain that the German government will agree to such an arrangement.

ROCKEFELLER GOES FURTHER IN COLORADO

Sunrise, Wyoming, Oct. 6.—John D. Rockefeller, Jr., arrived today for an inspection of the Sunrise Iron Mine of the Colorado Fuel and Iron company. Mr. Rockefeller was accompanied by J. W. Wolburn, president of the company; W. L. Mackenzie, manager. He will start to Denver tonight.

About 300 men are employed in the Sunrise mine. The miners have not been organized under the mediation plan instituted several months ago for the company's Colorado employees.

EARL OF DERBY TO BEGIN RECRUITING

London, Oct. 6.—The appointment of the Earl of Derby as the master of Lord Kitchener to take charge of recruiting for the army comes at a moment when the recruiting problem is becoming the subject of serious public criticism. Lord Derby has been an indefatigable worker in striving to obtain the best results from the voluntary system and he is expected to command the confidence of all parties. The liberal papers are very hopeful of his success.

Troops Rushed By Rumania; Balkans Aflame With War

Petrograd, Oct. 6.—(Via London)—Bulgaria has rejected the Russian demands and has sent an ultimatum to Serbia concerning Macedonia according to information which has reached the Serbian archimandrite Michael, says a Moscow telegram to the Bourse Gazette. Bulgaria demands that Serbia reply to the ultimatum within 24 hours.

London, Oct. 6.—King Constantine of Greece has accepted the resignation of the Venizelos cabinet, according to an official dispatch which reached London today.

London, Oct. 6.—Reuter's Athens correspondent states that Rumania is hurriedly dispatching troops to the Bulgarian frontier and is taking extraordinary military measures.

The Rumanians are feverishly fortifying Giurgevo on the Danube, forty miles from Bucharest. Rumanian officers of Bulgarian origin are being transferred to interior posts. Young reserve officers have been called up and reserves who were to have been disbanded are being kept with the colors.

Athens, Oct. 6.—(Via London)—After his conference with King Constantine, Premier Venizelos returned to the Chamber of Deputies and made a statement of the causes of the disagreement. He then announced the resignation of the entire cabinet. Sitzings of the chamber were suspended.

Paris, Oct. 6.—In consequence of the resignation of Premier Venizelos and the other members of the cabinet, the session of the Greek chamber has been adjourned, says a Havas dispatch from Athens.

London, Oct. 6.—The position taken by King Constantine of Greece in his interview with Premier Venizelos is said by the Athens correspondent of the Havas Agency to have been that he could not pursue to the end the policy of the Venizelos cabinet.

Athens, Tuesday, Oct. 5. (Via Paris, Oct. 6).—The resignation of Premier Venizelos was altogether unexpected. He conversed with the correspondent of the Associated Press at noon today in a manner which indicated the utmost confidence in the future course of his government. Meanwhile King Constantine came to Athens from Tatoi, the summer residence of the Royal Family, and summoned the premier to the palace.

Paris, Oct. 6.—4:25 a. m.—The reported breach between King Constantine of Greece and Premier Venizelos, resulting in the resignation of the prime minister, was totally unexpected in Paris and has caused painful surprise. French editorial writers have hard things to say of the king, whose German connections always have been made the object of some suspicions on the part of those who sought the aid of Greece for the Allied cause. It is considered here that while he signed the mobilization order and consented to landing of French troops at Saloniki, he does not want to go to war with Bulgaria, Germany's ally.

It is pointed out that Bulgaria wants Saloniki, and Germany covets Asia Minor. The papers assert that Bulgaria, in siding with Germany, is "digging the grave of Hellinism." It is admitted that the task of the Anglo-French forces has become harder, but the assertion is made with equal emphasis that it is not beyond their strength. A Bulgarian attack on Serbia is expected very soon.

All writers upon foreign affairs agree that it is no time for recrimination. They recall that last April

WILSON TO VOTE FOR SUFFRAGE

Washington, Oct. 6.—President Wilson will vote for the woman suffrage state constitutional amendment in New Jersey, his home state, at the special election, October 19. He said today he would vote, not as the leader of the Democratic party, but as a private citizen.

Mr. Wilson said he believed the question should not be made a party issue and should be decided by the states, not the national government.

SHOE WAGES STAND STILL

Washington, Oct. 6.—The average weekly wages of workers in the boot and shoe industry of the country in 1914 did not increase over the previous year, although the wages per hour were one percent higher, according to a report today by the bureau of labor statistics. The average hours of labor per week showed a decrease of one percent in 1914 over the previous year.

The report is based on figures gathered in 91 representative establishments employing over 35,000 employees.

TO HOLD CONFERENCE ON ELECTION STRIKE

Schenectady, N. Y., Oct. 6.—Prospects for an early conference for officials of the General Electric company and representatives of their ten thousand employees who are striking for an eight hour day appeared bright today. State mediators from Albany awaited the appointment of a conference committee by the strikers to renew their act as arbitrators. Union leaders signified their willingness to confer with the employers as soon as the union committee was organized. While officials of the company declined to say positively that they would enter negotiations with representatives of the men it was generally conceded that it would give them the fullest hearing.

PRESS EXPECTS REFUSAL

Berlin, Oct. 6.—(Via London)—Telegrams from Sofia to this city require an average of sixteen hours in transmission and hence no news has arrived here concerning the events following the expiration of the time limit set in Russia's ultimatum. The press expects that the Russian demands will be refused.

BATTLE CONTINUES

Paris, Oct. 6.—In the Artois district the artillery exchanges have occurred with particular violence in the vicinity of the forest of Vivenchey, according to the French official statement given out at the war office this afternoon.

KORN KARNIVAL IS GIVEN GREAT START; ENTHUSIASM HIGH

Afternoon and Evening—Elks' Indoor Fair.

Portsmouth's 1915 Korn Karnival got a flying start at noon today when tremendous success crowned the efforts of the Korn Karnival committee. In its initial feature attraction, the "Two Mile Dinner," Every detail of the dinner was thoroughly attended to and it was staged without the slightest hitch. It far exceeded the fondest expectations of the most enthusiastic promoter, and will long be remembered as one of the most enjoyable pleasures that has ever been indulged in by the citizenship of the city.

AMERICA IS PLEASED WITH GERMANY NOW

Washington, Oct. 6.—Germany's disavowal of responsibility for the sinking of the Arabic, with accompanying assurances that the possibility of another such incident had been precluded through stringent instructions to submarine commanders was regarded by officials of the Washington government today as one of the most gratifying results secured by American diplomacy since the European war began.

The disavowal and promise of reparation for the loss of American lives made in a letter delivered to Secretary Lansing yesterday by Count Von Bernstorff, the German ambassador, on instructions from Berlin, was taken to forecast an early adjustment of the Lusitania case and other features of the submarine dispute and of insuring against any new aggravation of the situation as well.

Optimism over the outlook for complete settlement was even more pronounced in German quarters here. It was pointed out that Ambassador Bernstorff had full authority from his government to act for it in the negotiations in and that his determination for an amicable adjustment had been amply demonstrated by the wide concessions made in the case of the Arabic.

The crisis in the relations between the United States and Germany growing out of the submarine controversy which came near the breaking point on at least two occasions, is regarded as having passed and all that now remains in the Arabic case is the fixing of the amount of indemnity.

The next feature of the issue to be taken up will be the Lusitania case. It had been held up until a settlement of the Arabic case had been reached.

With the Arabic case disposed of, the way has now been paved for sending the American note to Great Britain on interference with neutral commerce.

You're All Invited To Attend The Times' World Series Party

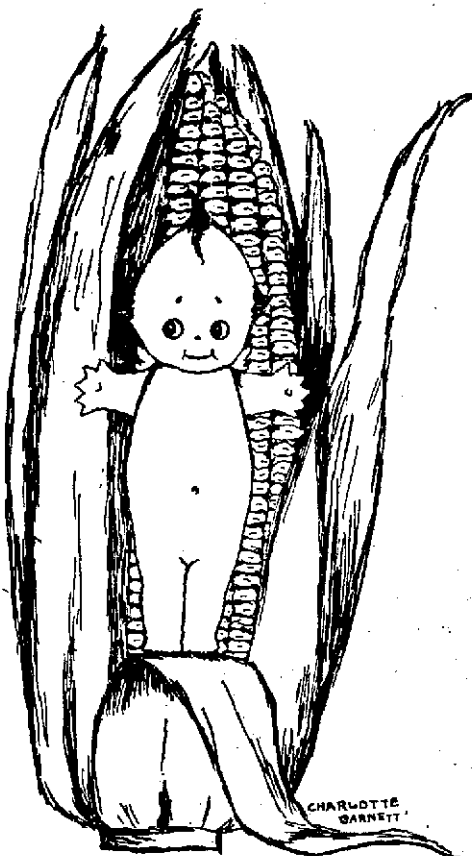

You and all your friends are invited to attend The Times' World Series Party to be given in front of The Times Building Friday afternoon when the first big guns of the 1915 world's series are fired in Philadelphia.

The World's Series Party is to be repeated on Saturday, Monday and Tuesday afternoons, in fact, every afternoon during the world's series, and when you come to this party you are going to get the result of the game play by play. A few seconds after a play is made in Philadelphia you're going to be able to read it on The Times bulletin board—that is, if you are here. Of course, telephoning for scores is all right, but it's much better to be right on the job and see the scores and plays before you.

And you had better be on hand early. In tomorrow's Times you will find the exact time of party to be begin on Friday afternoon. Many of you cannot be in Boston or Philadelphia despite fact that you want to. The next best thing is a rapid authentic bulletin board service. That's Streets Times and The Associated Press is going to give you.

Kum to The Times' World Series Party.

Kewpie's Karnival Krazy

KUM TO THE KORN KARNIVAL. ITS HERE!

You see, Kewpie wants you to Kum to the Korn Karnival also. He's gone totally Korn Karnival Krazy, and if you don't Kum you're going to be sorry for the rest of your days.

This Kewpie is the handiwork of Miss Charlotte Barnett, 2027 Robinson-av., one of Portsmouth's young amateur artists whose work has been exhibited at other Korn Karnivals, and other places in the city. And her work is Klever.

GREECE WON'T LET FRANCE LAND TROOPS

Athens, Saturday, Oct. 2 (midnight, via Paris, Oct. 6, 11 a. m.).—(Delayed by censor)—The following statement was issued officially after a meeting of the cabinet tonight.

The French minister delivered the following note to Premier Venizelos: "By order of my government I have the honor to announce to your excellency the arrival at Saloniki of the first detachment of French troops, and to declare at the same time that France and England, allied to Serbia, send their troops to help the latter, as well as to maintain their communications with her; and that they count upon Greece who already has given them so many proofs of friendship, not to oppose measures taken in the interest of Serbia of whom she also is the ally."

Premier Venizelos replied: "By your letter of today you have been so good as to inform me of the arrival at Saloniki of the first detachment of French troops, and of the decision of France and England to send their troops to help Serbia."

The French and British officers who have already landed have been received cordially by the local naval, military and civil officers and have been able to begin work immediately upon their arrival. Public opinion is that it is necessary for the Entente Powers to give assistance to Serbia.

PROTESTS ATTACK

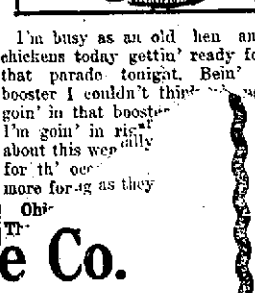

Berlin, Oct. 6.—(By wireless to Seyville)—The Overseas News Agency says that a protest to the Entente powers has been made by the Grand Duchy of Luxembourg against the recent attack on the city of Luxembourg by the aeroplanes of the Allies.

SKINNER IS COMING

London, Oct. 6.—Robert P. Skinner, an American consul-general, will sail for the United States within three weeks on a short leave. Representatives here of American shipping interests welcome the news in the hope that Mr. Skinner's visit to the United States may lessen their difficulties.

I'm busy as an old hen and chickens today gettin' ready for that parade tonight. Bein' a booster I couldn't think of goin' in that boostin' about this wop. I'm goin' in 'rilly for th' ooc more for-g as they Obi-Tri-

TURN OUT AND SEE THE BIG FARMERS' PARADE

If there is one attraction during the Korn Carnival that is in accord with the real spirit behind the Karnival, it is the Farmers' parade on Thursday morning at 10 o'clock.

Portsmouth people owe it to themselves and to their

friends from the rural sections of the county to turn out en masse for this parade, and give their guests from the country a royal welcome.

The Farmers' parade last year was a distinct surprise to those who witnessed it, as it had not been heralded

much in advance. And it was one of the most spectacular pageants of the week. Rain and cloudy weather could not even dim the lustre of those attractively decorated wagon floats, loaded to overflowing with corn, pumpkins, fruit, grain and farm products of

all description. Many of them carried happy families, father, mother and bright-faced children, reared amid nature's surroundings. Scioto county's farmers of tomorrow.

It is to give those children, as well as their parents, an insight into what is in store for

them if they but grasp their opportunities that the Korn Karnival is held.

Thousands of acres of land in Scioto county, now arable, can be turned into rich production of fruit and other products by the adoption of scientific methods of farming.

The farmers in the parade Thursday morning are the progressive farmers of today who are blazing the way for greater prosperity for those who are to follow them, all of which will redound to the prosperity of Portsmouth and its trade territory.

The Farmers' parade this year will be far better and greater than last year. Every grange in the county has been invited to participate as a body, and as individuals. The invitation was open to all. Otto Zoellner of the

Wheelerburg section, is chairman and grand marshal. He will head a large delegation from that section, each with an attractive float. Every other section of the county will be represented. Don't miss their parade.

WILL RE-OPEN BRIDGE BY THURSDAY NOON

Contractor Henry Ruel promises to have the temporary bridge across the Scioto river, which was damaged by the recent sudden rise, open to wagon and auto-

mobile travel by Thursday noon.

Foot passengers were crossing the bridge Wednesday and Mr. Ruel's team of horses was led over it to the other

side with perfect safety.

The bridge is humped in many places but the worst trouble is near the center where caps pulled out of the stringers, the guy line pulling piling out of place.

Moose Are After Parade Honors

Over 100 members of Peerless Lodge attended the meeting last night and the real booster spirit prevailed. The Moose expect to take the honors in the parade on Thursday night. Their outfits are real neat and are sure in keeping with the Karnival spirit. The Moose will be in charge of James Kennedy as marshal, assisted by 35 others. The lodge expects to

have quite a few additions to the membership during their special campaign during October and November. A very beautiful picture of Mooseheart, the city this great order is building is shown in McGarry, the Gallia street tailor's window. A very enjoyable social session was held after the meeting. All Moose are expected to report at the hall at 6:30 p. m. Thursday.

MR. DOAK IS CANDIDATE

W. N. Doak, of Roanoke, Virginia, general chairman of the Brotherhood of Railway Firemen, is a candidate for state senator on the Republican ticket, from the Roanoke district. The district is heavily Democratic, but Mr. Doak and his friends are confident that he will make a great showing and will come in under the wire an easy winner.

IF YOU KICK UP A RUMPUS YOU WILL BE KEPT IN THE COOLER DURING THE KARNIVAL

Sanford Ratliff went on a rampage and caused quite a commotion in the vicinity of Sixth and Chillicothe streets Tuesday night.

Ratliff was ordered out of the Elks' parlors and got into a wrangle with the door-keeper. His language was said to be so vile that the attaches of the Play House asked him to desist and move on. Instead he went into the Play House and sought to purchase some cigarettes, but was plainly told that his patronage was not wanted and was invited to leave. When he refused to go Lou Distel ejected him. Once outside, he is said to have flourished a couple of knives and abused Mer-

chant Policeman John Kielman when that officer tried to quiet him. He told the court that part of the statements were true and part were lies. The court promptly reminded him that such uncomplimentary language in court would place him in contempt of court. The court also warned him that people arrested for such conduct would be kept in the cells until after the close of the Korn Karnival.

Ratliff was fined \$10 and costs and advised to stay away from the Elks building.

but a matter in which we must have the co-operation of the best brains of the country outside of the official service of the government as well as inside. It is only in the spirit of a true Democracy that we get together to lend such voluntary aid, the sort of aid that comes from interest, from a knowledge of the varied circumstances that are involved in handling a nation.

"I want you to feel, those of you who are coming to the assistance of the professional officers of the government that we have a very serious purpose, that we have not asked you to associate yourself with us except for a very definite and practical purpose, to get you to give us your best independent thoughts as to how we ought to make ready for any duty that may fall upon the nation."

"I do not have to expound it to you; you know as well as I do the spirit of America. The spirit of America is one of peace but one of independence. It is a spirit that is profoundly concerned with peace because it can express itself best only in peace. It is the spirit of peace and good will and of human freedom, but it is also the spirit of a nation that is self-conscious, that knows and loves its mission in the world and knows that it must command the respect of the world."

"So it seems to me that we are not working as those who change any working of America but only as those who would safeguard everything in America. I know that you will enter into conference with the officers of the navy in that spirit and with that feeling, and it makes me proud, gentlemen, that the busy men of America, the men who stand at the front of their professions, should be willing in this way to associate themselves voluntarily with the government in the task in which it needs all sorts of expert and serious advice. Nothing ought to be done in this by any single group of persons—everything ought to be done by all of us and I welcome the association in the most serious and grateful spirit."

The president was warmly applauded by his hearers. Secretary Daniels then introduced each member of the board to the president and he shook hands with them all. The trip to Indian Head was made on the presidential yacht, the Mayflower. Secretary Daniels and the naval staff accompanying the invention board.

The picture program will consist of the Selig two reel feature "A Studio Escape," and a one reel Essanay "The Bachelor's Baby" featuring G. M. Anderson better known as Broncho Billy.

To give the patrons opportunity to see all the parades the show at night will not start until the parade is over.

Halton Powell's musical comedy success "Henpecked Henry" the laughing success of all time, will be seen at the Sun theater Wednesday October 13, matinee and night, and is promised to break all laughing records in this city. There never has been a show so well constructed along comic lines. It is a series of happenings so well weaved together and so naturally arranged that laughter of the heartiest kind is assured. The principals include the choice funmakers of the stage and a chorus of petite misses selected with great care and training to perfection. From the rise of the curtain until its fall there is amusement of the best grade, always clean, always refined. It is but natural that word of this splendid show should travel in advance. The local people who have seen the show at other points are enthusiastic boosters. Traveling men fairly rave over "Henpecked Henry." The seats will be placed on sale the usual number of days in advance.

In addition to this two-reel feature, the Exhibition management is offering another strong two-reel story with Helen Holmes leading in an episode of the Hazards of Helen series, entitled, "The Changed Signals." Mr. Law has also made arrangements with the Inter-City Tea company to check the parcels of all patrons while they are at the show and attending the Karnival.

Shirley strikes a new mining camp, where he seeks work, and to his amazement discovers Anderson, who is about to enter a fixed race in the new mining camp, and at the last moment determines to double-cross his running mate when Christy stumbles upon the runner that Anderson has doped and takes his place, winning again from his enemy. In a fight which follows Christy saves the owner of the mine and his daughter. He is rewarded by being taken in by the mine owner and given a position. The daughter feels strangely drawn to this man, who finally, through a confession secured from Anderson, proves the guilty. With a loving thought and yearning for his dear mother, he tells the girl of her.

As a Korn Karnival attraction the management of the Majestic theatre is offering an exceptional strong bill today. It is headed by Harris Gordon in a picture entitled "The Picture of Dorian Gray." This is a powerful two reel drama that any one can appreciate and enjoy. Another two reel feature on the bill is "The Lie," one of the Lilliance company's strongest productions.

Shirley strikes a new mining camp, where he seeks work, and to his amazement discovers Anderson, who is about to enter a fixed race in the new mining camp, and at the last moment determines to double-cross his running mate when Christy stumbles upon the runner that Anderson has doped and takes his place, winning again from his enemy. In a fight which follows Christy saves the owner of the mine and his daughter. He is rewarded by being taken in by the mine owner and given a position. The daughter feels strangely drawn to this man, who finally, through a confession secured from Anderson, proves the guilty. With a loving thought and yearning for his dear mother, he tells the girl of her.

Five Big Reels At Arcana Theatre Tonight

The Arcana theatre has a wonderful program tonight. First and foremost will be a two reel exposition of "The Broken Coin", showing the eighth episode of this great play, one of the biggest serials ever produced by the silent actors. This will be followed by a two reel Universal drama, featuring Western life, entitled, "Refuge", a play that stirs deep the emotions of man. It is a stirring drama and teaches a high moral lesson. To bring this big program to a close, Manager Potts

Kathlyn Williams, "The Carpet From Bagdad," Columbia Tonight

Kathlyn Williams, one of the best and most popular stars in motion pictures is the big headline attraction at the Columbia tonight in Harold MacGrath's wonderful story of the desert, "The Carpet From Bagdad."

This story filled with intense interest from beginning to end, makes one of the best five reel pictures ever produced and the many scenes of the desert and the caravans of camels make some of the most interesting scenes ever worked into motion pictures.

Remember this wonderful picture is here for tonight only, so don't fail to see it tonight. All seats 10 cents.

At The Exhibit

"From Champion to Tramp"—Shirley Christy, champion mile runner of the world, has become a tramp and finds himself in the mountains of Arizona. Looking back over the cause of his present condition, we see his enemy, Anderson, strike down a running mate at one of the international meets. Shirley is falsely accused, tried and condemned, although he is innocent.

If Coffee Came in Capsules

as its drug, caffeine, is frequently sold, coffee drinkers would wake up to the fact that coffee is not a food but a drug.

Yet in spite of the warnings of reputable physicians, many persons fail to realize the harmful effects of caffeine, coffee's subtle, habit-forming drug. Taken regularly this coffee drug—the frequent cause of nervousness, heart-flutter, headache and other ailments—sooner or later gets its hold.

Look coffee in the face—read what physicians and health experts say: (Names on application)

"Coffee is a dope and narcotic almost equal to opium. Slowly but surely it gets control of its victim and holds him in its grasp a pitiful, helpless victim."

"Coffee is a drug. Those addicted to its use are drug addicts."

"Some people get the craving for alcohol by first taking tea or coffee."

"They (the tea and coffee drugs) are comparable to opium in that they induce a habit and should be avoided."

Right now, Mr. Coffee Drinker, is the time to find out whether or not coffee has a hold on you. It's simple and easy—quit coffee ten days and use

PLUMBERS' STRIKE HAS BEEN AMICABLY SETTLED

Terms Agreed On, Men Go Back To Work Immediately

Through an agreement reached Wednesday afternoon the controversy between the Master Plumbers and Journeymen Plumbers of the city which has existed for the past five months was amicably settled and the journeymen plumbers will return to work at once, according to statements made to The Times. The journeymen agreed to withdraw from the Building Trades Council but retain their representation in the Central Labor Council, the recognized body of the American Federation of Labor. The master plumbers have granted the original demands of the journeymen plumbers for a 50 cent per day increase or a \$4 day of eight hours working scale and general working conditions.

Formal ratification of settlement of the controversy was made Wednesday afternoon when W. W. Watrous representing the master plumbers and William Goetz and Thomas Bassler, representing the journeymen plumber and William Lynn, general organizer of the United Association of Plumbers and Steam Fitters of the United States with headquarters in Chicago signed the terms of the agreement.

The controversy between the master plumbers and the journeymen plumbers started five months ago at which time the journeymen plumbers were working under an agreement with the master plumbers. A disagreement arose when the journeymen plumbers demanded an increase of 50 cents per day or a \$4 working day of eight hours and general working conditions. The master plumbers wanted the journeymen to withdraw from the Building Trades Council. On September 6th the master plumbers and journeymen came to an understanding and entered into an agreement but this agreement was repudiated two days later by the journeymen because of their refusal to withdraw from Building Trades Council.

Because of this repudiation the organizer, William Lynn of the United Association of Plumbers and Steam Fitters of the United States suspended local No. 577 and withdrew their charter which severed the local plumbers union of connection with the American Federation of Labor.

Tuesday a meeting was held with representatives of the master plumbers, journeymen plumbers

and Organizer Lynn present and negotiations toward an amicable settlement of the trouble reopened. Prior to this meeting the journeymen plumbers had officially withdrawn from Building Trades Council and with this action having been taken the parties met and soon settled all grievances.

The Master Plumbers granted the demand for an increase in wages asked by the journeymen, while the journeymen had withdrawn from the Building Trades Council as demanded by the Master Plumbers. Organizer Lynn immediately following the adjustment of the trouble granted a new charter to the journeymen plumbers and will reconstitute them as members of the United Association of Plumbers and Steam Fitters of the United States.

This action was formally ratified Wednesday afternoon and the controversy brought to a close.

Denies Allegations

Carl N. Hansen, defendant in an action for \$1551.71 filed recently by the Distel Furniture company, filed his answer in common pleas court Wednesday through his attorney, Mark A. Crawford. He denies every allegation of the plaintiff's petition, and by way of cross petition, asks that the court require the Distel company to produce its books in court for an accounting, and that he be awarded judgment for \$854.48, which amount he claims is due him.

NEW BOSTON

The Public Schools of New Boston were the words on a large banner received Wednesday, which will be carried by the pupils in the parade Thursday. Five cars have been chartered to carry the pupils to the city. All will leave about 1:30 o'clock.

The health board met Tuesday evening for the first time in seven months. A motion was passed that the letter received from the state health board saying that the steel plant well water was unfit for drinking purposes be forwarded to the steel company, with a request that the water be purified. A motion was passed asking the street committee of council to inspect the drain tile laid back of the O. D. Chinn grocery. The drain is stopped up and the stench there is almost unbearable.

Mr. and Mrs. Francis Anderson, of Gallia pike, are the proud parents of a baby girl.

Ray McCormick is passing the cigars. A baby girl arrived at his home on Grace street several days ago.

Mr. and Mrs. Jake Willis are re-

joining over the arrival of a baby son.

Mr. and Mrs. William Gibbs and daughter, Elizabeth, have returned from Steubenville, where they attended the funeral of Miss Mary E. Bell, 53, who visited here a year ago.

All members of the W. O. W. lodge are requested to meet at the hall at 7 o'clock Thursday evening, to take cars to the city, where they will take part in the fraternal parade.

Thomas O'Neal, village clerk and steel plant employee, had to leave his work Wednesday morning on account of a sudden illness.

Henry Koger, chief of park policemen, was awakened early Wednesday morning by several revolver shots, but could find no trace of the law-breaker.

The pupils of Oak street and Stanton avenue schools practiced marching Wednesday. They will take part in the Children's parade Thursday.

Claim Willis Will Not Remove Mayor

The Associated Press today carried the following dispatch: Columbus, Oct. 6.—Governor Willis probably will not accede to the request of citizens of New Boston, a Scioto county village, to remove their mayor, J. C. Davis, it was said today by Secretary Forest F. Tip-ton. A petition for his removal was circulated and later submitted to the governor, charging that the mayor mistreated Albert Wilson and his wife, an aged couple who came to his office to beg.

TERMINALS

John Walker, N. & W. telephone line maintainer, living in this city, was working on a pole at Dorney, O., near Circleville, Tuesday afternoon, when he came in contact with a high tension wire which, knocked him to the ground, a distance of 22 feet. The company physician at Circleville attended him. He escaped serious injury.

N. & W. extra freight 1120, in charge of Conductor S. T. Maynard and W. E. Parkinson, was delayed at mile post 493, near Williamson, Tuesday. The pony trucks of the engine were derailed by an unknown cause.

N. & W. yard engine 888 derailed a car of merchandise in the west end of Coal Grove yard Tuesday, while setting cars on a side track. The Portsmouth wreck cars were called to re-rail the bar. Fred Myers and O. J. Campbell were conductor and engineer in charge. Harry Wagner, of Gallia pike, Portsmouth high school student, is

as proud as a game rooster. He is being called uncle, as a baby girl arrived at the home of his sister in Cleveland several days ago.

The majority of the N. & W. office clerks enjoyed the Two Mile dinner Wednesday noon, instead of eating cold lunches.

Concrete base was completed on Norfolk avenue Wednesday by Kelly Bros.

Margaret Salisbury, who was run down by an automobile Sunday, is getting along nicely.

C. C. Horn, general chairman of the Order of Railway Conductors of Roanoke, Va., is in the city and will enjoy a few days of the Korn Carnival with the members of the local O. R. C.

W. V. Shrewsbury, N. & W. brakeman, left Tuesday for Wayne, Va., to visit his mother, who is seriously ill.

John W. Pleasant, son, of N. & W. Engineer M. R. Pleasant, left Monday for a visit with his grandmother at Hagerstown, Md.

Loses Thumb Tips

Lawrence "Cotton" Cole, aged 28 years, of No. 119 Second street, had the ends and nails of both thumbs mashed off when the big hammer of Henry Kuel's pile-driving boat fell on him Wednesday afternoon.

Cole was working on the temporary bridge across the Scioto river and was holding a block under the

hammer when it slipped and fell on him. Cole was rushed to Dr. Schirrmann's office in Mr. Kuel's automobile and his wounds dressed. The physician declared that the wounds were sure to heal up. Cole claimed Engineer George Medford had the signal to hold the hammer, which dropped a distance of about 20 inches.

The Gas Range That Makes You Willing to Have Anybody Judge Your Cooking

If you have ever felt discouraged because your cooking "did not turn out right," that was because you did not own a

Laurel Cabinet Gas Range

The housewife is just as much entitled to efficient equipment as men are. It is not enough to simply have a box-like arrangement to gather heat, and call it an oven. You need Laurel Cabinet heat distribution and economy. You need its convenience and cleanliness.

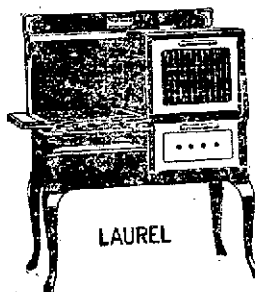

Not one unnecessary thing is found in the Laurel—and not one necessary thing has been omitted.

You will be well repaid to call, inspect, examine, and ask questions.

Combination Gas and Coal Range

This stove is made of cast iron is durable and attractive and is one of the latest accomplishments of modern stove manufacture. A remarkable feature of this stove is its ability to bake with one fuel and cook with the other at the same time or cook with both. An inspection of this stove is invited. On display at our store.

LAUREL RANGES of All Designs

We carry a complete line of Laurel ranges. Stoves to suit the fancy and pocketbook of any housewife. One of the most complete lines of stoves in the city.

Demonstration of Laurel Ranges

Friday and Saturday

An expert demonstrator from the LAUREL factory will be here Friday and Saturday to give demonstrations of the LAUREL RANGES at our booth, Seventh and Chillicothe streets, and at the store. You are cordially invited to attend this demonstration.

Asbestos iron holders will be given away at the booth as long as they last.

LITTLE GIRL IS ATTACKED

Cloris, a 12-year-old daughter of Mrs. Lillian Blair, a chorn woman at the First National bank building, was attacked by an unknown man in the alley adjacent to the Hotel Portsmouth Tuesday evening.

The child had just stepped from her mother's living apartments in the rear part of the hotel and started toward Front street when a man rushed towards her and shouted to her to stop. Screaming, she ran down the alley. Soon neighbors rushed to her rescue, but the prowler escaped in an opposite direction. Officer Roy Moore, who rooms in the hotel building, made a search for the fellow, but without result.

THE MARKETS

NEW YORK STOCKS

New York, Oct. 6.—Measures taken by the stock exchange yesterday to curb riotous speculation in war shares resulted in an irregular opening today. Some of those issues, especially Continental Can, Railway Steel Springs, Republic Steel, General Electric and Goodrich were down 1 to 2 points, while Industrial Alcohol, American Coal Products, American Car and Drifters' Securities were that much higher. International nickel selling of ten percent stock disturbed rose a fraction. U. S. Steel offering 4,000 shares was half a point lower at 78 3/4. New York Central, Union Pacific and Pennsylvania were firm features of the railway division.

Lowest levels were reached in the final hour in heaviest selling of the season. Rallies of 1 to 4 points were scored. The closing was heavy.

Liquidation on a scale even larger than the recent buying movement settled over today's market specialties making declines of 5 to over 15 points. The note of caution sounded by officials of the exchange and the foremost factor.

New York, Oct. 6.—The rise in the railways stiffened prices until another avalanche of selling overtook the market, wiping out a considerable part of the gain in the railways and forcing some specialties below yesterday's lowest figures.

Cruible crumpled rapidly losing over 10 points from its opening price of 96 3/4. Reactions in similar shares ranged from 2 to 6 points but Bethlehem Steel stood out with its new high record of 401. Moderate improvement followed this decline, with a slackening of operations. Bonds were irregular.

CHICAGO GRAIN AND PROVISIONS

Chicago, Oct. 6.—Wheat values bulged today influenced by a continued falling off in receipts of the Northwest. Dispatches telling of unsettled weather in the Dakotas and Minnesota added to the prevailing bullish sentiment, and so also did assertions that fall seeding in Kansas would be retarded as much as a million acres compared with last season's total. Opening prices, which ranged from 1 1/2 to 1 3/4 higher with December at 97 1/2 to 100 1/4 and May at 100 1/2 to 100 3/4, were followed by decided further upturns.

Widespread frost gave strength to the corn market. Rural buying was especially free. After opening 1 1/2 to 1 3/4 higher, prices scored a material further advance. Oats rose with other grain. The bulls were led by representatives of one of the principal elevator companies.

Fresh advances in provisions resulted from the excellence of cash demand. Besides, hog receipts throughout the west were decidedly less plentiful last week over a year ago.

Buying orders from Wall street houses carried prices upward later with a rush. On the advance offerings were very small until some shorts had bid as high as 5 1/4 above yesterday's finish. Then, concerns which have been heavy purchasers of late sold freely. The close, however, was strong and higher than before, with December at \$1.06 and May at \$1.07 1/2, a net general advance of 6 1/4 to 7 1/2.

Crop damage reports from Illinois and Iowa with the jump in wheat tended afterward to lift the market still more. The close was strong, 1 1/2 to 2 1/2 net higher.

European call for meats showed no sign of letting up.

Mrs. Hattie Capehart

John Capehart, coal dealer, received a telegram Wednesday afternoon informing him of the death in Toledo of his sister-in-law, Mrs. Hattie Capehart, aged 28 years.

Death was due to the effects of a surgical operation Mrs. Capehart underwent several months ago. Mr. Capehart visited her during his trip to Detroit last week. She leaves a husband, Earl Capehart, a Standard Oil Company office employee, and one child. The family formerly resided in the Dameron building in this city.

Mrs. Cecil Burns

Friends of Mrs. Cecil Burns will be surprised to learn of her death which came Tuesday morning at six o'clock at her home in Hamden. O. Mrs. Burns is well known here. She was a resident of the city until about a year ago. Mr. Burns worked here as baggage-master on the B. & O. S-W. The deceased was about 30 years old.

Mrs. Burns was a niece of Dr. J. S. Rardin who received word of her death Tuesday. Besides her husband the deceased leaves two sons and a daughter. Burial will be made at her old home near Athens.

KORN KARNIVAL

(Continued From Page 1.)

signal, they rushed from every direction to their places on either side of the improvised tables of wooden planks, set upon wooden horses.

Every Table Was Completely Filled

Within five minutes after the whistles blew and bells rang, announcing the opening of the dinner, every table was filled to its capacity, the crowd of women and girls in charge of the different blocks started to serve, and the dinner was on.

At the first toot of the whistle, King Korn, impersonated by Roy McElhane, mounted on horseback and clad in his royal colors rode down Washington street, followed by the Portsmouth band, playing stirring music and the Korn Karnival was officially opened.

Every table was filled to its capacity, and large crowds of on-lookers stood on the sidewalks on either side of the street.

Thorough preparation on the part of the committee and the church women serving the banquet contributed to its success. The wooden plates were placed in front of the diners without delay, each church having enough women and girls at work to insure almost instantaneous service.

A uniform menu was served at each table, consisting of a meat sandwich, baked beans, potato salad, pie and coffee. Each table turned away a satisfied crowd after the dinner was over, Portsmouth's housewives sustaining their well known reputation as the best cooks in the land.

Moving Pictures of Diners Are Taken

While the dinner was in full blast, Virgil Fowler, the local photographer rode through the streets in an automobile, taking motion

pictures of the scene, which will be produced all over the country in Pathe's Weekly.

The band kept up its inspiring music throughout the dinner marching up and down on each side of the tables, generous with its music.

3000 People Ate Dinner

It is estimated that in the neighborhood of 3000 people, the large majority adults partook of the big spread, which was in reality a community love-feast. The best of good feeling reigned, and a more animated and contented crowd of people could not have been found anywhere.

Printed Table Cloth Made A Big Hit

An unique detail that made a big hit with the crowd was the printed tablecloth of white paper, with a message of greeting from the Korn Karnival committee and a word of appreciation from the Two Mile Dinner committee, the signatures being reproductions of the handwriting of the individual members. This greeting was printed at each place on that table, so that each diner received a personal greeting from the committee.

Over two thousand tickets had been sold in advance of the dinner, but many of the churches served a second table, while others accepted twenty-five cents in lieu of a ticket, which sold for that amount.

Eight Churches Were On The Job

Eight churches assisted in serving the dinner, one church being assigned one block. The churches taking part and their respective location were as follows: First Christian church, Second

to Third streets; Fourth Street M. E., Third to Fourth streets; Bigelow M. E., Fourth to Fifth street; German Evangelical, Fifth to Sixth street; Manly M. E., Sixth to Seventh street; First Presbyterian, Sixth street, Chillicothe to Washington; Holy Redeemer, Sixth streets, Washington to Court; All Saints Episcopal Fourth street, Washington to Court.

Young ladies serving the Holy Redeemer table were dressed all in white, with white caps to match. Arrangements for the Two Mile Dinner were in charge of a committee composed of St. Straus, Geo. M. Taylor, and E. W. Richard, assisted by representatives from each church taking part.

Many Items Were Donated

Early this morning workmen constructed the tables in the center of the streets, placing wooden planks, three in width, on wooden horses. Lumber for the tables was furnished by the Leet Lumber company, without charge.

Paper for the table-cloths was furnished free by The Times Publishing company, which also printed the greetings on its own press, the entire strip measuring 2600 feet.

Paper napkins were donated by the Portsmouth Coca-Cola company. In their card of appreciation, the members of the committee mentioned the above donors and the women of the churches especially for their part in making the dinner such a huge success.

The day's feature will close with the monster Boosters' Parade at 7:15 o'clock, which will be the longest pageant ever held in the city. Every line of commercial and industrial endeavor in the city will be represented in the procession, which will be marked by marching delegations, automobiles, wagons, motorcycles and bicycles.

Capt. J. H. Simmons came down from Ironton Wednesday to mingle with old friends during the Korn Karnival.

DEVER CASE HEARD

Judge W. P. Stephenson of Adams county is presiding over the hearing of the \$5000 damage suit of Lizzie Cottle against Ray Dever before a jury in common pleas court today. The plaintiff claims to have suffered damages in that amount from injuries received in an automobile accident.

NATION CELEBRATES RILEY'S BIRTHDAY

Indianapolis, Oct. 6.—James Whitcomb Riley, Indiana's beloved poet, is receiving hundreds of messages from all parts of the United States this week, congratulating him on his birthday, which will be the occasion for a nationwide celebration tomorrow. Indianapolis, where the principal celebration of Mr. Riley's birthday will be held, every arrangement has been completed to make the theatrical performance in the afternoon and the banquet at night the most complete and beautiful tribute that ever has been paid to the Hoosier poet.

FRENCH LAND MORE TROOPS IN SALONIKI

Paris, Oct. 6.—French transports arrived at Saloniki Friday night and troops began to land Saturday afternoon, says an Athens dispatch to the Mar. Perfect order was maintained in the city and the inhabitants gave the French soldiers a cordial reception.

Reports received in Athens, the Mar. correspondent says, state that 3,000 German and Austrian officers have taken over the principal commands in the Bulgarian army.

STEAMER CHASED

New York, Oct. 6.—The Norwegian steamer Drammensfjord arrived today from Sandefjord, Norway, and reported having been chased by a German submarine in the North Sea between Bergen and Kirkwall. Captain Stensmark said he escaped by driving his vessel at full speed and at the same time sending wireless calls which brought British patrols.

PHILLIES CONFIDENT OF WINNING SERIES

Philadelphia, Oct. 6.—With but two days remaining until the opening of the contest for baseball supremacy of the world, the National League Champion Phillies hoped to complete their regular playing schedule in a double-header, with Brooklyn today and set about final preparations for the struggle with the Boston Americans. Local fans were anxious that rain, which threatened in the early hours of the day, would not again prevent the games, as it was expected that Manager Moran would send Alexander and his other star pitchers, none of whom have been seen in action here for several weeks, to the mound.

There is a feeling of confidence in the Phillies' camp as to the result of the series. Captain Luderus declared that he feels sure his team will come out victors, although he admitted it would probably be a close race. Alexander and Chalmers are almost certain to win their games, he believes, while both Mayer and Rizey stand an excellent chance to humble the Bostonians. The strength of their opponents in all departments was not lost sight of Luderus added, and "most anything can happen in such a short series." Philly stock has gone up in the estimation of the betting fraternity. While the few bets that were placed several days ago were laid at odds of 13 to 10, with the Red Sox

the favorites, several wagers were placed last night at even money.

In an effort to give as many fans as possible an opportunity to see the big games, the Philadelphia club found it necessary to greatly curtail the allotment of tickets for the newspapers and even public officials, who in former years had received large blocks. Considerable resentment at this action was expressed yesterday by a high police official who declined to accept his allotment, declaring that he wanted all the seats he requested, "or none." Notwithstanding the management of the club has taken every precaution to guard against tickets falling into the hands of speculators, several agencies are taking orders.

New Haven, Conn., Oct. 6.—Official announcement was made today at Yale that William Lauder, a graduate of Brown and a former Philadelphia and New York National league player is the choice of the baseball committee for coach for the time.

CONGRESSMAN SWITZER IN CITY

Congressman Robert M. Switzer and wife of Gallipolis arrived Wednesday morning to take in the sights of the Korn Karnival. They are guests of Mr. and Mrs. D. W. Gustin. Mr. Gustin was formerly Mr. Switzer's private secretary.

SIGN CAUSE OF SUIT

Judge William P. Stephenson of Adams county granted a temporary injunction Wednesday afternoon, restraining Edelson Brothers, Chillicothe street clothiers, from continuing an advertising sign in front of their store. Application for the injunction was made by George R. Hawkins, proprietor of the photograph gallery upstairs.

A permanent injunction is asked for by Mr. Hawkins in a petition filed in common pleas court Wednesday afternoon by Attorney George W. Sheppard.

Will Give Parade

Fire Chief W. A. McQuat announced Wednesday that a Fire Prevention parade would be given by city firemen Saturday afternoon, at 2:30 o'clock, over downtown business streets.

ARTERY IS SEVERED

While unloading beer on Market street Wednesday afternoon Carey Bissinger, employed by Al Maier had main artery in his left arm severed by a piece of tin attached to a beer box. He almost bled to death before Dr. George Martin could be summoned.

Will Apologize.

A high school student named Adams, from Beaver, O., was on the police court carpet Tuesday for beating a base ball against Mrs. George Egbert a few days ago, breaking her eye-glasses and cutting her nose. He claimed it was unintentional and purely accidental and agreed to apologize to the woman.

THURSDAY'S PROGRAM WILL BE REAL HUMMER

Three Big Parades And Other Things Doing All The Time

OFFICIAL PROGRAM FOR THURSDAY

10 A. M.—Farmers' Parade.
2:30 P. M. Children's Parade.
7:30 P. M.—Fraternal Parade.
1 P. M. and 7 P. M.—Jack Richards, equilibrist and upside down dancer, Market street esplanade.
2 P. M. and 9:30 P. M.—Torcats' Trained Roosters, Second and Chillicothe streets.
2:30 P. M. and 9 P. M.—Leo Earl, high wire artist, Sixth and Chillicothe streets.
3:30 P. M. and 9 o'clock—LeRoy and Paul, sensational horizontal bar act, Gallia and Findlay streets.
4:30 P. M. and 10 P. M.—Ruth Howell Trio, high class novelty gymnasts, Seventh and Chillicothe streets.
Afternoon and Evening—Elks' Indoor Fair.

Three big parades, each one a distinctive feature and different from the other two, will combine to make Thursday, the second day of the Korn Carnival, the biggest day in many respects of the week.

In the morning—at 10 o'clock the Farmers' Parade will be held, at 2 o'clock in the afternoon, the Children's Parade, with school children from the city, parading, New Boston and rural schools, in line in the evening at 7:30 o'clock the Fraternal Parade will practically every fraternal order in the city in line, and many of them augmented by large delegations from neighboring cities and towns.

Special trains will be run to this city Thursday evening from all directions on the N. & W., C. & O. and B. & O. S. W., railroads and it is not exaggerating one whit to say that the largest crowd that was ever in this city will be here on Thursday evening.

Between 2000 and 3000 are coming from Ironton alone, to say nothing of intermediate points; Chillicothe is going to send a large delegation on the special train, with stops at Highgate, Omega, Waverly, Pikeston, Wakefield and Lanesville; large delegations are coming from Ashland, Huntington, Mayfield, Jackson, Greenup and Peebles on special trains. All trains will be accompanied by one or more brass bands, which will march in the parade.

Local lodges are looking for hundreds of visiting members who will be entertained with open house sessions after the parade.

The Farmers' Parade will be the first big feature of the day, and will be held at 10 o'clock. Otto Zoellner, of Concord Grange, Wheelersburg, will be grand marshal. Every grange in the county will turn out, and many individual farmers, not affiliated with granges, will participate. Wagon floats, artistically decorated with grain and farm produce, will predominate in the parade.

At 2:30 o'clock, the event for which every one has been waiting, will be held the children's parade. Conservative estimates today place the number of children in the parade at about 6600, divided as follows: Portsmouth public schools, 4700; Portsmouth parochial schools, 400; New Boston schools, 500; rural schools, 1000.

Teachers of the children have planned many original and novel features, chief of which is the "Human Flag," formed by about 500 marching children, dressed in red, white and blue in such manner as to form an American flag. Others will be dressed to represent the fairy story characters dear to childhood, while historical characters, cowboys, cow girls, Indians, soldiers, sailors and other characters will be assumed.

In the rural school section many of the children will ride in district school wagons, while others will march, accompanied by their teachers.

A platoon of children police will lead the parade.

Ample provision has been made for the care and safety of the children during the march. Each school will be in charge of its teacher, and further assistance will be furnished by the entire police force of the city, 150 Boy Scouts, and a committee of 100 representative citizens, headed by the following leaders: Samuel Horchow, from the high school to

the Gallia street esplanade; William H. Burt, from Gallia to Fourth on Chillicothe; Albert Zoellner, from Fourth to Second; Charles Daehler, Second street, Chillicothe to Bond; Samuel Horchow, Bond street to the high school.

Captain James W. Smith will be grand marshal of the parade, with E. W. Richard and M. H. Caldwell as aides.

Details of the parade were worked out by a committee composed of St. Straus, Frank Appel, E. O. McCowen and E. W. Richard.

The official formation and line of march is:

- Platoon of Police.
- Grand Marshal Captain James W. Smith and aides, W. W. Richard and Maurice J. Caldwell.
- Children's Police.
- River City Band.
- "Human Flag."
- Portsmouth Public School Children.
- Buckeye Band.
- Portsmouth Parochial School Children.
- Portsmouth Band.
- New Boston Public School Children.
- Rural School Children.

The fraternal parade will form at 7:30 o'clock in the evening and will be divided into six divisions, each in command of a marshal and two aides.

Captain James W. Smith will be grand marshal, with E. W. Gableman, Roy McElhane and M. J. Caldwell as aides.

The River City Band of this city will head the procession. Division No. 1 will be marshaled by Capt. Creel F. Miltstead, with George Lander and Joseph Krall aides. It will be composed of the G. A. R. in autos, the Spanish-American War Veterans, the S. of V. drum corps, the Sons of Veterans, the Germania Fire Department No. 3, and the Loyal Order of Moose.

Division No. 2 will be made up of the Portsmouth band, the I. O. O. F., the Knights of Columbus and the Order of Owls. Joseph T. Micklethwait is grand marshal, with Clifford Bicket and John Lynn, aides.

The Buckeye State band will head the third division, composed of the Woodmen of the World, the Geeks and the Knights of Maccabees. Oliver H. Lewis is grand marshal and Harry Huddleston and G. F. Hardgrove, aides.

Division No. 4 will have Paul Esselhorn as marshal and John Debo and Charles Stearns, aides. It will include the Twentieth Century band, heading the Fraternal Order of Eagles, the Chillicothe and Ironton Eagles, the Catholic Order of Foresters and the Tribe of Ben Hur.

Division No. 5 will be headed by the Jr. O. U. A. M. band followed by the Jr. O. U. A. M. and the Modern Woodmen of America. The marshal is William Daehler with B. E. Stewart and Owen Hopkins, aides.

Division No. 6 will be made up almost entirely of Elks from Portsmouth, Chillicothe, Ironton, Ashland and other points, headed by the Ironton band, with the Improved Order of Red Men bringing up the rear.

The parade will start at Ninth and Chillicothe streets, move south on Chillicothe to Second, west on Second to Market, north on Market streets around the esplanade, counter-march east on Second to Chillicothe, north on Chillicothe to Gallia and east on Gallia to John, where it will disband.

POLITICAL PULL GETS EDWARDS' RELEASE, CRIMINAL RECORD

The board of county commissioners is doing its share towards showing that the "good old days" when gangster ruled supreme in Scioto county, have returned. It has ordered the release from the Cincinnati work house of the notorious "Cheese" Edwards, Third Ward Republican negro politician, whose history is written big in the criminal annals of the city.

The excuse advanced by the commissioners is that Edwards was sent to the work house by Mayor Frick as a matter of politics and that the mayor was trying to keep him there until after the election. Replying to this charge, Mayor Frick, on Wednesday, sent a communication to the county commissioners in which he quoted the criminal record of Edwards during the past two years, showing why he was sent to the work house, and why, as a matter of protection to law abiding citizens he should not return to pose as a hero, superior to the law. The mayor's letter follows:

October 6th, 1915.
The Honorable The County Commissioners,
Portsmouth, Ohio.
My dear Sirs:—While you have not made the request yet I am nevertheless of the opinion that you are interested in facts therefore submit for your consideration the records taken from the docket in the present MAYOR'S COURT respecting one HARRY "CHEESE" EDWARDS:

May 13, 1914: Docket state-page 235, charged with, plead not guilty to selling liquor without license, "bootlegging." Court assessed a fine of \$100.00. Paid by friends.

June 15, 1914: Docket A-4 page 216, charged with prostitution, forfeited his appearance bond, admission of guilt. The court assessed a fine of twenty-five dollars, paid through bondsman.

July 20, 1914: Docket A-4 page 454, charged with, plead guilty to gambling. Acting as picket for gamblers at Bush's barber shop, department had the place shadowed for months before the lines of Edwards could be run, finally caught him off his guard and secured entrance to the well barricaded joint and arrested thirteen men engaged in gambling Sunday morning at about two o'clock. The court assessed a fine against the defendant, Edwards, in the sum of one hundred dollars. His friends paid fifty dollars, there remains fifty to be paid which is now due and secured by HENRY WALTON.

December 19, 1914: Docket A-5 page 332, charged with intoxication. The court assessed a fine of five dollars which was paid through forfeiting his bond for appearance.

March 26, 1915: Docket state F-1 page 148, charged with and plead guilty to interfering with an officer. Court assessed a fine of ten dollars. The court suspended this fine with the advice that if he was again arrested and convicted for an offense of this nature he would possibly be sent to the work house, this, as stated, was not a threat but simply a warning in the interest of the defendant, Edwards.

April 4, 1915: Docket state F-1 page 187, charged with and plead guilty to assaulting McKinley Hurd. The court assessed a fine of ten dollars and the cost, permitting this to be paid. Again reminded him of the previous instruction of the court, yet we would grant another chance.

July 6, 1915: Docket A-6 page 352, charged with, and plead guilty, disorderly conduct. Court assessed a fine of ten dollars, six fifty of which was paid. Again permitting him to leave the station with the caution to remember the number of offenses committed and that likely some one would introduce testimony sufficient to have him sent away.

September 6, 1915: Docket state F-1 page 363, charged with and plead guilty to assaulting Richard Huckle. Beat the plaintiff up so unmercifully that he was unable to be in this court for the lapse of one week to prosecute his case. The court assessed a fine of \$25 and sentenced him to the work house for sixty days, and believes

that it was the most meritorious sentence passed during its term of office, reminding the defendant, Edwards, of the court's instructions under date of July 6, 1915, that he would be sent to the work house if he committed an offense of the nature before the court the morning in question.

This court as the public well understands pays no attention to politics as referred to by a Mr. Joseph Brown, who local publications refer to as succeeding in advising your board to the extent of believing that the defendant was sent to the work house in order to get him out of the way for the election.

For your information it might be well to state that the defendant, Edwards, asked permission to be admitted to the office where he made the statement that if he was not sent away he would do all that was in his power to elect me to the office of mayor. I said to him that I could not afford to have him relieved from the sentence to return to his people and state that the mayor had permitted him to go free in order to secure political favors, and that further I was not expecting to secure many favors at the hands of the kind of people he represented, gamblers and bootleggers.

Following this conversation the clerk transferred him to the work house, on the way down he told the clerk who later reported to me that he, Edwards, said that if the mayor would let him out he would return home and do all he could to elect him. I replied to the clerk in substance the same as above stated to the defendant, that politics cannot ever enter into my court proceedings and that the request could not be granted, but that I intended to permit him to return home in time to support his party principles at the coming election.

SCIOTO COUNTY FARMER, CHAS. IRWIN, EXPRESSES BOTH GRATITUDE AND SURPRISE

Not only the people in the cities and towns are taking the celebration of Taulac, with such remarkable results, but hundreds of farmers are reporting equal benefits.

"Never have I had a medicine to straighten me out like Taulac has," says Mr. Chas. Irwin, whose address is Scioto Post Office, Ohio. "Recently I had a general breakdown, and that was when I first tried this medicine. But for the past two years, since having the typhoid fever I had never been at myself, but had been troubled with my stomach and bowels. Since taking this medicine I feel that I am all right every way."

It is well known that farm life is a healthy one, on the average, but not altogether immune from either trouble or disease, since Mr. Irwin is called the "Master of Disease Germ" is no respecter of persons or professions. Therefore as "preparedness" shows

wisdom on the part of a nation, so does individual precaution against disease, show wisdom on the part of the individual.

In this connection it might be remarked that the best safeguard to health is to have one's system cleansed of impurities, and one's bodily vigor at the proper stage. Under such conditions, there need be no fear but that the trouble-makers referred to will keep at a "respectful distance."

The new medicine called Taulac, which has caused so much comment here and in other parts of the county has proven wonderfully effective in restoring vigor to the human body, and cleansing the blood of impurities. Taulac, is called the "Master of Disease Germ" and is on sale at "Taulac Corner", Sixth and Chillicothe Sts., by the Fisher & Streich Pharmacy. Adv.

BAKED CHICKEN DINNER

The public is cordially invited to visit the Sciotoville Christian church booth, No. 22 and 23, between Second and Third streets. There is where you will get your good old-fashioned home-made cooking like "mother used to cook." You will find a Baked Chicken Dinner there Friday, with all the good things that go with it. You will certainly be treated well, as this church is noted for its giving good measure. Don't fail to come.

Exhibit Hall Now Ready For Visitors

Exhibit Hall, on Gallia street, which will be inspected by thousands of people during the balance of the week, was unquestionably one of the busiest spots in the city today.

Corn, fruit and pumpkins, in fact every kind of farm product, simply rolled into Exhibit Hall today, and through the hardest kind of work everything will be in grand shape for tonight. In fact visitors were permitted to go through the place this morning, as there was no confusion, all of the exhibits being systematically handled.

CAME FROM TENNESSEE FOR DINNER

Mrs. Henry Ehret, formerly of this city, came all the way from Johnson City, Tenn., to participate in the Two Mile dinner, she securing an early place in the Holy Redeemer church section.

THE WINTER OF GREAT DISTRESS

Damp and cold weather is destined to cause much suffering among Rheumatics. Guard Against It.

Get ready for winter by realizing that Rheumatism is a blood disease and must be relieved through the blood. Throw away the liniments and lotions, cut out the pain killers and stake your chances of relief on S. S. S. Some of the most renowned physicians of the world have ever known have been studying Rheumatism for fifty years in the laboratories of the Swift Specific Company in Atlanta, and if Rheumatism can be permanently relieved—and WE KNOW THAT IT CAN—they will tell you what to do for your trouble.

Nothing with liniments, blistering, the application of plasters, in fact, anything that produces counter-irritation, is good for external treatment of Rheumatism, but these simple remedies do not reach the seat of the disease nor touch the real cause, and relief is therefore only temporary.

Rheumatism is due to Uric Acid and other irritant poisons in the blood, and as it circulates through the system, these acid poisons are deposited in the muscles, joints and nerves and exposure to the night air, cold winds, or any sudden change in the weather, will bring on an attack which may last for a few days or linger for months. Every battle with Rheumatism leaves the blood in poorer condition, while the corroding acids are gradually consuming the oils and fluids that lubricate the muscles and joints, thus they become stiff, sometimes absolutely rigid.

Rheumatism with its sharp cutting pains cannot be conquered until the acid blood is cleansed, purified, literally washed free of the poisoned substances which it contains, and nothing affords such prompt and lasting relief as S. S. S. The toxic effects of this vegetable remedy are wonderful. The blood is cleansed, purified and its early strength and vigor renewed, ceasing the health to rapidly improve and builds up the entire system. The sufferer is not only free from rheumatic pains, but experiences once more the health and exquisite pleasure of perfect health.

Get rid of Rheumatism before cold weather makes it worse. Don't take substitutes for S. S. S. Write our Medical Department at once; they want to advise you how to relieve Rheumatism quickly, thoroughly and make you well. S. S. S. sold at all drug stores. Don't accept substitutes—they are dangerous. Write the Swift Specific Company, Medical Department, Room 16, Atlanta, Ga.

section does not signify that your daughter-in-law does not care for you. It really is not proper to use such terms on a card. I advise you to think otherwise about your son's wife. It is necessary to let your mental thoughts of her be pleasant if you are to assume a pleasant attitude toward her when you both meet personally. If you are anxious to win her affection, do not make the mistake of unjustly criticizing her methods of housekeeping. If possible, praise her in moderation, but not too obviously. Never talk unkindly of her to your son. Let them settle any little differences which may come up between them. The third party always adds discord and never does much good. If you will follow these simple but important rules, I am sure you will find a happy bond of relationship between you and your new daughter.

Dear Dolly.—I have a great deal of trouble with sweaty feet. They burn and itch, and I am perfectly miserable, although I have no corns. Can I do anything to remedy this condition?

E. G. Certainly it is possible for you to carry out a simple home treatment. Each night you should give your feet a bath in warm water, after which rub them with alcohol. If there is profuse perspiration, bathe them in water to which a solution of boracic acid has been added. Dust the feet with talcum powder after this. The trouble with profuse perspiration

of the feet is that this tends to soften the flesh between the toes, and brings soft corns as another trouble. If this continues, dust a drying powder between the toes. Get 5 cents' worth of lycopodium at the drug store. This will help you wonderfully.

Dear Miss Wise.—Is it absolutely necessary for a host and hostess to sit directly opposite one another at a dinner? MRS. K. M. A table appears better balanced when the host and hostess are seated directly opposite each other, but it is often necessary to change this arrangement in order to avoid seating two women and two men side by side.

Dear Miss Wise.—To whom is the wedding gift sent when one does not know the bride? Should anything be written on the card inclosed with the gift?

WANT-TO-KNOW. The gift should be sent to the bride. On the card inclosed with the gift write in pencil a suitable sentiment such as "With sincere good wishes," or "With heartiest good wishes from."

Dear Miss Dolly.—How long should a girl wear mourning for a near relative. My father died two months ago and I have been wearing mourning ever since.

MARGARET. People are wearing mourning less and less all the time. You can discard it at anytime and show due respect to your father's memory.

Dear Miss Wise.—Will you please print a good recipe for succall?

YOUNG HOUSEWIFE. One head of cabbage, four green hot peppers, six onions, one peck of green tomatoes. Chop all these. Put with them one cup of fat and one quart of vinegar and cook thirty minutes; then drain. Scald together two pounds of sugar, two quarts of vinegar, one teaspoon each of allspice, cinnamon, ginger, and cloves; two tablespoons of English mustard and one tablespoon of celery seed. Pour this over the pickles and cook twenty minutes; then can in self sealers. This is fine.

Dear Dolly.—Will you please put in the paper a method whereby I can reduce my lips, which are very thick? BLUE EYES. I regret to tell you that you can do nothing to reduce your lips. Learn to hold your lips together and never form the habit of holding your mouth open. This is bad for persons who have thick or thin lips, for it gives one such an idiotic expression.

Dear Miss Wise.—I have a new daughter-in-law and I always thought she did not care for me. I believe my surmise is correct, for the other day I received a postal card from her, on which she never used any terms of affection in addressing me or in the conclusion.

INDIGNANT MOTHER. The absence of the terms of affection.

Dandruff Heads Become Hairless. If you want plenty of thick, beautiful, glossy hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary castor oil; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single bit and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

BOOSTERS TO PARADE CITY STREETS TONIGHT

Biggest Pageant Ever Seen In The City Is Promised

Portsmouth's Boosters, number limited only by the population of the city, will herald their faith in the future growth and prosperity of the Peerless City this evening in the most monster pageant ever staged in the city, the Boosters' Parade.

Every line of industrial and commercial endeavor in the city will be represented in the parade. Employer and employee will ride or march together, all with one common thought, the boosting of their home city.

It will be a strictly Portsmouth night, so far as the active participants are concerned. The spectators will be largely people from nearby points, who will be given ample evidence of the spirit that is behind Portsmouth's substantial growth during the past ten or twelve years.

The parade will be formed in ten divisions, each in charge of a marshal and aides, and will be over twenty blocks long. Albert Marting, who enterprises is responsible for the parade, will be grand marshal.

The grand marshal and his aides and the division marshals and their aides will be mounted, each wearing a brilliant sash of Korn Carnival colors, and a yellow ribbon on which is printed the word "Boosters."

Four brass bands will march in the parade, divided uniform throughout the procession. Red fire will burn in abundance all along the line of march, and many of the firms represented in the parade will furnish red fire to their employees to carry in the parade.

The streets will be brilliantly lighted and with the riot of decorations among the streets and on the buildings will light up a brilliant spectacle.

The parade will form at the corner of Gallia and Offshore streets, with the last nine divisions resting advantageous points on the intersection streets to the north and south.

The line of march will be down Gallia street to Chillicothe, north on Chillicothe to Ninth, west on Ninth to Washington, south on Washington to 5th, east, on Fifth to Chillicothe, south on Chillicothe to Second, west on Second to Market, north on Market to Third

east on Third to Court, north on Court to Ninth, east on Ninth to Offshore where the parade will disband.

Accepts Old Job

William Schackart has resumed his former position as clerk in J. J. Bruchart's grocery. For the past two months he had been employed in Dayton.

MUSCULAR BACKACHE

The muscles of the back do the heavy work of the body. When they are overworked or ill nourished they ache and people who are looking for trouble begin to worry about their kidneys.

Backache may be due to lumbago, which is rheumatism of the muscles of the back, but more backaches are caused by overstrain, overwork and muscle relaxation due to thin blood than by anything else.

Dr. Williams' Pink Pills build up the blood and sufferers from backache would do well to try this treatment before giving way to worry over a fancied organic disease. Rest and the tonic treatment with Dr. Williams' Pink Pills will correct most forms of backache, even rheumatism.

For people who work too hard or dance too much and sleep too little, better habits and a course of treatment with Dr. Williams' Pink Pills are all that are needed to drive away the pains and aches that are warnings of a coming breakdown.

Two books, "Building Up the Blood" and "Nervous Disorders" will be sent free, if you are interested, by the Dr. Williams Medicine Co., Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store or by mail at 50 cents per box—six boxes, \$2.50.

KNOCKS CATARRH ALSO COLDS, COUP AND SORE THROAT

There is nothing more generally used now for Colds, Croup, Nasal Catarrh, Hay Fever and kindred affections than simple sensible NOSTRIOLA, which is sold and recommended by all reliable druggists.

NOSTRIOLA is intended to open air passages, soothe, cleanse and purify the membranes; also stops running a nose and dropping of catarrhal poison into the stomach.

The nostrils and air passages are the breeding places for the Catarrh, Hay Fever and other disease-breeding germs, and a few applications of NOSTRIOLA will give you a pleasant surprise. Try it and see! A small tube will be enough to try. Ask your druggist about it and get NOSTRIOLA today.

The "city" consists of three main streets and two cross streets.

Activity is displayed on every railroad crossing sign; moving picture.

Pasteboard automobiles, a woman taking pictures; a woman wheeling a baby in a buggy; a man pushing a wheelbarrow; a water tank; water wagon; Seventh street car line, tracks and cars of the pasteboard, wooden electric light poles and a thread for trolley wire make the electric line complete.

Wooden telephone poles with the necessary cross arms carry a number of "wires" for the quick telephone service.

Among the buildings are the large Selby shoe factory, bank building, city hall with a tower and town clock, three theatres, hotel, churches, high school, Leet Lumber company with piles of lumber and sawdust in the yards, bakery, groceries, auto garage, saloon, Portsmouth Street Railway and Light company's power house with a small supply of coal near the door, ice plant, hospital, a duplicate of Hempstead with an ambulance in front and two men carrying a man on a stretcher; coal elevator; mayor's office with "Officer Donzo" in front; barber shop; and a number of residences.

Among the attractive features is the painted background representing one side of the Scioto river; the Norfolk and Western bridge across the Scioto a mile north of the city with a train coming over the structure; a steamboat on the placid water; a railroad watchman's tower and safety gate; day afternoon, and turned up.

Real Miniature City On Display

A miniature city complete in every detail has been laid out by August Fussnecker at his home at 632 Eighth street. Not a thing is lacking to make the "city" a real live place. Mr. Fussnecker invites everybody to his home to view his wonderful work. Eight months were consumed in making the miniature objects. Mr. Fussnecker is shoe cutter at the Selby factory and cut and made the objects during his spare time in the evenings. He started on his first building eight months ago.

All the buildings are made of pasteboard and the people are carved from wood. The people are not over 1 1/2 inches long, and it required considerable trouble to make the wood pieces represent human beings.

The "city" consists of three main streets and two cross streets.

Activity is displayed on every railroad crossing sign; moving picture.

Pasteboard automobiles, a woman taking pictures; a woman wheeling a baby in a buggy; a man pushing a wheelbarrow; a water tank; water wagon; Seventh street car line, tracks and cars of the pasteboard, wooden electric light poles and a thread for trolley wire make the electric line complete.

THE LATEST IN SPORTDOM

WILL RED SOX WALLOP THE PHIL?

The majority of the critics, when matching up the Red Sox and the Quakers, give the Boston tribe advantage in the coming series on the season's batting records.

On the basis of the returns, the averages about 320 for the Red Sox and 218 for the Phils—certainly seem to give the Boston bunch the best of the proceedings. They should, on those

figures, walk over the Philadelphia crowd—but figures sometimes are deceptively deceptive in a seven-game series.

Remember back in 1905, when the heavy-hitting Cubs were touted as having such an advantage over the light-hitting White Sox. When it came down to cases, the White Sox pitchers, in a short series, proved perfectly competent

to keep down the Cub hitting; neither batted up to the 300 mark on the set of six games, and the White Sox won.

On this occasion the team that could not hit didn't have to hit; the team that could hit was blocked by great pitching. With Alexander to do the bulk of the work, the Boston Americans, as they are known, are likely to do any terrific walloping?

Offer Red Sox Use Of Phillies' Park

Philadelphia, Oct. 6.—There will be no trouble between the Phillies and the Sox over a place for the visiting club to practice prior to the world's series such as occurred between Managers Stallings

and Mack last year. While in New York yesterday Manager Pat. Moran had a talk with Bill Carrigan, manager of the Sox, and offered the use of the Phillies' park to Boston for practice at any time the team came to Philadelphia.

45,000 TO SEE GAMES

Boston, Oct. 6.—The world's series games to be played in this city next Monday and Tuesday will be witnessed by 45,000 persons, President Joseph J. Lavin, of the Boston Americans, announced today.

JACK DILLON WON FIGHT

New York, Oct. 6.—Jack Dillon of Indianapolis, administered a severe beating to Jim Savage, of Orange, N. J., in their 10 round bout in Brooklyn last night. Savage was knocked down three times.

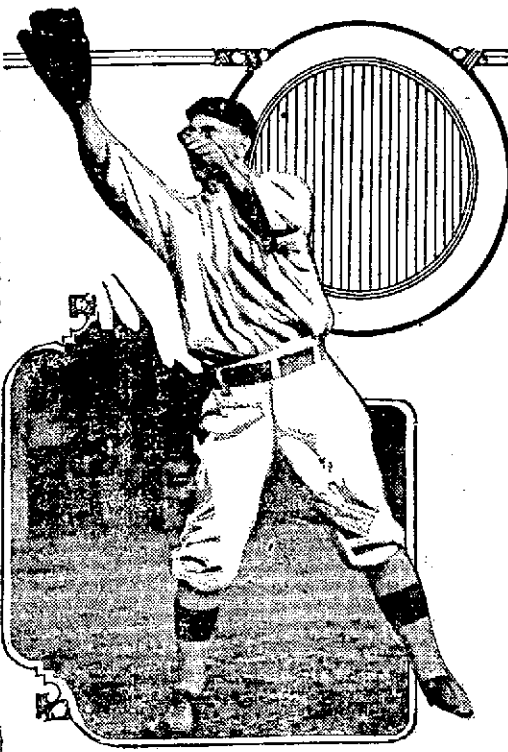

"CHUCK" WAS A HERO

John "Chuck" McDaniel, the local catcher, was the hero of a twelve inning game at Omar, West Virginia last Sunday, between Omar and Logan, won by the former by a score of 1 to 0. McDaniel, catching for Omar, singled in the twelfth, stole second, and scored when the opposing catcher threw wild to catch him stealing third. He was showered with money by the Omar fans, and realized about \$50 in the haul.

Never Any Other Way

One of the sad results of Saturday's games was the defeat of Wooster by Heidelberg. The new \$25,000 football field was being dedicated by Wooster and the team was playing its first contest for Coach Bales. It is sort of distressing to take defeat among such surroundings.

PLAYS IN OUTFIELD FOR THE PHILLIES

Beals Becker.

Beals Becker, New York and Cincinnati cast-off, is going to get a slice of the world's series coin this year. McGraw said Becker couldn't think fast enough for a big league club. But he has made a good record in the outfield for the Phils and hopes to cover himself all over with glory in the big series.

OUTLOOK AT CARLISLE

New York, Oct. 6.—Three Indian coaches have supplanted Glen S. Warner, at Carlisle, and are trying to weld the 33 candidates into an eleven as might as those that Warner used by turn out in the bygone days of football.

Carlisle ought to have a good team this year—but it won't be a world beater. It has good material, but not material of the kind that makes record smashing eleven.

The backfield candidates are showing up well—and the line men are doing likewise. Yet the Indian line, as it is made up now will be punctured often; the backs won't be able to smash through for huge gains as in the days of Jim Thorpe, Frank Mt. Pleasant and the others who made Carlisle history.

President Has Declined

Washington, Oct. 6.—President Wilson today declined an invitation extended by Representative Gallivan, of Massachusetts, to attend one of the world's series baseball games in Boston. The president already has promised to throw out the first ball in Saturday's game at Philadelphia.

HERE IS FIRST FREAK PRIZE

It takes all kinds of bugs to make the game of baseball popular.

A Philadelphia bug, who, evidently, is aware of the fact that the Red Sox have some wonderful hurlers bet \$25 Tuesday that Gravath does not make a home run in the big series.

Ohio State Plays Coast

Ohio State having disposed of its first Ohio football rival on Saturday by a score of 10 to 6 is now preparing to meet the Case eleven of Cleveland at the week end on Ohio field.

Nick Carter In Maysville

Nick Carter, former Hurley Cub twirler, was in the city yesterday shaking hands with his many friends—Maysville Independent.

Killifer.

Killifer, the Phillies' mainstay behind the bat, is sure to be in the world's series and what is more he is likely to catch every game that is played. Killifer's reputation is among the best. He is a wise battery partner and one of the best throwers in the game today. He will have something on Cady and Thomas, the two Boston catchers, for Carrigan cannot be figured, for he catches but seldom and then picks Leonard to do the pitching for him.

KILLIFER TO PLAY

According to the latest information catcher Killifer of the Phillies will be able to get into the game against Boston. If he does, the defensive play of the Phils will be greatly strengthened as Killifer is the best all around catcher in the National League.

Football Is Popular

Football is certainly a popular game. Last Saturday in Columbus 1,500 lovers of the game witnessed the struggle between O. W. U. and Ohio State.

Silent Signals Will Be Used

Great at Indiana, Coach Clarence Childs has installed a silent signal system. What will this fellow do next? The football world awaits the move.

\$5000 FUTURITY

Lexington, Ky., Oct. 6.—Interest in the Grand Circuit races here today centered in the \$5,000 futurity for two year old trotters and the \$5,000 Tennessee Stake for pacers.

Among the entries in the Futurity were Nelly the Great, Directum, Blugen,

General York, Volga, Blugen Six, Anville, Helene Subline, Leading Spirit, Otis Watts, David Rankin, Moje, Atlanta, Binga S., and Walnut Tree.

The Tennessee had as eligible Directors L. Flower Direct, Braden Direct, Peter Stevens, Napoleon Direct and Walter Delat.

COMING BACK TO MAJORS

The tallest pitcher in baseball, "Slim" Love, is coming back to the majors next spring as a member of the Yankees, who drafted him from Los Angeles of the Pacific coast league. Love had a trial with Washington two seasons ago but was so high in the air that batted balls rolled past him before he could get his hands down to the earth. This cost him his job.

Larry Goble doubtless remembers Love by a little incident that transpired at Memphis in the spring of 1912. Love

was the rawest sort of a rookie and wore tennis slippers in the box. Along about the fifth inning the Naps filled the bags with two down and Larry coming up.

Love began to quake at the knees. He looked over to the bench where Bill Bernhard, then manager of the club, sat, and pleaded for instructions. "Must I pass him, Bill?" Love inquired. But Bernhard's assuring messages were "Pitch, you big boob, pitch!" And he darned if he didn't fan the Frenchman!

May Trade Carey For Bob Bescher

Following closely on the heels of the transfer of Edgar Collins of the Pittsburgh Nationals to the Boston Braves by the water route, comes the report that Max Carey, also of the Pittsburgh club, is to go next. It is said that Carey is not in just right with the fans in Smoke Town, and that a deal will be made following the close of the season, whereby he will be sold or traded.

Rumor has it that Carey will go to the St. Louis Cardinals in exchange for Bob Bescher. The latter is in about the same position in St. Louis that Carey is reported to be in at Pittsburgh.

Husky Lads In Lineup

Miami and Denison both confess to having teams that average 175 pounds. Denison has one tackle who weighs 190 and measures 6 feet and 4 inches in height. This University at Athens has a very heavy team likewise. Some battles are ahead for these clever and heavy squads when they meet each other.

Never Any Other Way

One of the sad results of Saturday's games was the defeat of Wooster by Heidelberg. The new \$25,000 football field was being dedicated by Wooster and the team was playing its first contest for Coach Bales. It is sort of distressing to take defeat among such surroundings.

Willing To Give Special Reports

Foremaster Wm. C. Devereaux, in charge of the Cincinnati district, during his stay in Portsmouth emphasized the fact that he was always anxious to give out any information desired in regard to weather and river conditions.

Mr. Devereaux said that any time business men or firms wanted special news, if they would call him up on the long distance, he would place all the information he had at their disposal. He said that some Portsmouth firms were already doing this.

COMPLIMENT POSTMASTER

Postmaster Vallee Harold has received a letter from the treasury department, which has control of the post office building, informing him that an inspector who visited it three weeks ago, reports the grounds thereabouts in excellent appearance and notes the decided improvements that have been made in the condition of the building generally.

Departing from the usual formality and brevity of official communications, the department extends warm commendation to the postmaster, who is the custodian of the building, and through him to the employees in his charge, for the interest and zeal manifested in the care of government property.

CAUTIONS CHILDREN

Rev. J. E. McGuirk, pastor of Holy Redeemer church, lectured the children of the Holy Redeemer school Tuesday relative to their conduct during the Kern Carnival.

The pastor urged them to be just as careful in their conduct during the Carnival as they are the year round. The older students in particular were warned not to commit any acts that would reflect upon them, their parents or their school.

PUT UP STAND

A farce of carpenters completed arranged in circus style this year the building of the reviewing stand and every one in the stand will stand at Fifth and Chillicothe have an unobstructed view of all streets Tuesday. The seats are the parades.

Gets Interesting Letter From Son

Mrs. H. C. Strickland, of Grandview avenue, is in receipt of the following interesting letter from her son Earl, who is in the United States Navy, stationed at Gonaves, Haiti:

Gonaves, Haiti, Sept. 13, 1915.

As the mail is going out in an hour, I will write you a few lines to let you know where I am. We moved here on the fourth from Leguane, making the trip on the Collier Jason. We are having all kinds of excitement here. On the sixth a band of rebels tried to come in the town to burn it. We made a quick run from the center of the town to the outskirts and headed them off. We laid out there among mosquito and sand fleas for three nights and then were relieved by a new guard from our company. They are still on the outside looking in and are liable to stay there. We have enough machine guns in our company alone to clean out half of Haiti. We are in a bad place here because half the town is against us, that is, the common class. The rebel chief came in to see if our captain would let him have half the town, but the captain gave him the

laugh. We would have driven them into the woods but we were not allowed to fire unless fired upon. Well, this is all I know to write about at present. I haven't received a letter here yet. The mail service is very poor. With love to all.

Two Favorite Shotguns and the Steel "Speed Shells"

"Dope" on shooting is plentiful. And shooters know where the right dope comes from—and that it leads straight to Remington-UMC.

THE Remington-UMC Pump Gun and Autoloading Gun—these are the shotguns of today. Adopted everywhere, for use in the field and over the traps—shot by more of the men who are setting the pace in the sport than any other make of guns in the world.

In the matter of Shells—where is the sportsman who does not know the Remington-UMC "Speed Shells," Steel Lined—all the drive of the powder kept back of the shot, and showing results that flatter any make of gun?

For the right dope—see the Remington-UMC Dealer. He displays the Red Ball Mark of Remington-UMC—the sign that his store is Sportsmen's Headquarters of the town.

True Secret of Keeping Youthful Looking

(The Beauty Secret.)
The real secret of keeping young-looking is to keep the liver and bowels in perfect health. Without these organs working properly, the system, including the blood, is poisoned. The blood becomes lumpy, and the skin, which is the body's mirror, shows it. The result is a sallow, yellowish complexion, with blotches and pimples. The liver and bowels are the great eliminators of the body. If they are clogged, the waste products of the body are not eliminated, and the system is poisoned. Chief Cause of Pimples, Blotches, Sallow Skin

(Manager of Health.)
Dandruff, eruptions, pimples, blotches, yellow or muddy skin, usually are due to a sluggish liver, a congested bowels and a polluted blood stream as a consequence. Low toilet in such cases has never been a natural, permanent remedy. If more people only knew it, it would be a simple remedy, which is as effective as any drug, and which is as safe as any. 12-YEAR OLD GIRL CAUSE OF A KIDNAPING CHARGE

Stanley Holmes and wife, Mary Holmes, of Quincy, Ky., were arrested by the police as they stepped from a motor boat here Tuesday evening, for alleged kidnaping Gladys Arms, aged 12 years. The arrests were made on receipt of a telegram from Deputy Sheriff Chapman, of Quincy. The couple and the girl were taken to headquarters and it was not long until the child's father, Charles Arms, arrived, he coming up on a C. & O. train. He vehemently denied that his wife had given the daughter permission to accompany the couple to Portsmouth. He said she was first missed when she failed to return home from school at noon and that after a search was started for her it was learned she had been seen going towards the river with the couple. The girl, however, corroborated the couple's claims that her mother permitted her to make the trip.

ELKS BIG INDOOR FAIR GROWS IN ENTHUSIASM

Another big night was enjoyed Tuesday night by Portsmouth Elks and their guests at the indoor fair in their new quarters in the Play House building, the crowd far exceeding that of Monday night in size and enthusiasm. Several new booths were opened for the first time, among them L. P. Haldeman and Charles Hall's Charlie Chaplin shooting gallery and Exalted Ruler Stanley McCall and Anselm Skelton's novelty booth, both situated on the sidewalk opposite the outside entrance, and the Country Store on the third floor, operated by Alfred Richardson, Dr. William Tremper, and Dr. Chas. Dawson. Dr. Mytinger added another freak to his animal show, an eight-legged cat.

New faces were seen on the police force, Howard Harsha and T. M. Gynon succeeding to the places held Monday night by Floyd Fuller and F. D. Rawson, both of whom were suspended for insubordination. Chief Sidney Anderson was again on the job, but he drew an hour's suspension for appearing in civilian clothes. Nick Shively was still on the force. John Jones was the judge, and he let no guilty man or woman escape. The refreshment booths did a thriving business and the hustling committee, composed of Joseph Augustin, William Byers, William H. Schwartz, Otto Matter and Ralph Buggles was kept on the go serving the wants of patrons. The dance hall was liberally patronized Tuesday evening, and presented an animated appearance. This feature is in charge of a committee composed of Isador H. Goodman, chairman, Ernest Kelley, and William Fiskley. Beginning this afternoon the tea room on the large porch around the building will be put in operation. Mrs. Samuel Horehow will have charge and will be assisted by a bevy of Portsmouth's prettiest young ladies. Every one at the fair Tuesday evening had a rollicking good time and the true Karnival spirit reigned throughout the evening. The lodge realized handsomely from its attractions, and the committees worked untiringly to make their efforts a success. During the four days of the Karnival the fair will be open afternoon and evening and the public is cordially invited to attend. Admission is free.

WANT "SPOONING" HOUSE REMOVED

Benjamin C. Bratt expects to circulate a petition among residents of Front street asking the city to raze the shelter house at the lower end of York Park and also to cut the willows under the bank. It is claimed that the shelter house has become such a rendezvous for drunks and spooly couples that respectable people can no longer sit out on their front porches without being annoyed and insulted.

MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 13 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Here On Visit Jacob Newland, who left Portsmouth 25 years ago, is here on his first visit since leaving the River City. He is now located in Oklahoma. Before leaving Seito county he resided near Lyra.

To the Business Men of Portsmouth
A young doctor, making a start in a small town, decided that to be prosperous he must look prosperous. He bought a new buggy and two good horses. Although he had only a few patients he always kept on the jump, attending to his patients' smallest needs. People began to notice this young doctor driving about town and they called him because he looked busy and prosperous. He got his start—a start that led to a comfortable practice. Our town, like this doctor, must look prosperous to be prosperous. Clean streets, attractive store windows, well-painted buildings and dwellings, give the prosperous air. Well-painted buildings are greatest of these.

KING CONSTANTINE ACCEPTS ACTION

Athens, Oct. 6.—(Via London).—After his conference with King Constantine, Premier Venizelos returned to the Chamber of Deputies and made a statement of the causes of the disagreement. He then announced the resignation of the entire cabinet. Sitzings of the chamber were suspended.

Athens.

London, Oct. 6.—The position taken by King Constantine of Greece in his interview with Premier Venizelos is said by the Athens correspondent of the *Havas Agency* to have been that he could not pursue to the end the policy of the Venizelos cabinet.

Paris, Oct. 6.—123 a. m.—The reported breach between King Constantine of Greece and Premier Venizelos, resulting in the resignation of the prime minister, was totally unexpected in Paris and has caused a painful surprise. French is "digging the grave of Hellenism." It is admitted that the task of the Anglo-French forces has become harder, but the assertion is made with equal emphasis that it is not beyond their strength. A Bulgarian attack on Serbia is expected very soon.

Burned Destroyer Reaches Port Safely

WILL RED SOX WALLOP THE PILL?

The majority of the critics, when matching up the Red Sox and the Quakers, give the Boston tribe advantage in the coming series on the season's batting records.

On the face of the returns, the averages—about .250 for the Red Sox and .248 for the Phils—certainly seem to give the Boston bunch the best of the proceedings. They should, on those

figures, walk over the Philadelphia crowd—but figures sometimes are painfully deceptive in a seven-game series.

Remember back in 1906, when the heavy-hitting Cubs were touted as having such an advantage over the light-hitting White Sox. When it came down to cases, the White Sox pitchers, in a short series, proved perfectly competent

to keep down the Cub hitting; neither batted up to the 200 mark on the set of six games, and the White Sox won.

On this occasion the team that could not hit didn't have to hit; the team that could hit was blocked by great pitching. With Alexander to do the bulk of the mound work why should the critics figure the Boston as likely to do any terrific walloping?

Offer Red Sox Use Of Phillies' Park

Philadelphia, Oct. 6.—There will be no trouble between the Phillies and the Sox over a place for the visiting club to practice prior to the world's series such as occurred between Managers Stallings

and Mack last year. While in New York yesterday Manager Pat. Moran had a talk with Bill Carrigan, manager of the Sox, and offered the use of the Phillies' park to Boston for practice at any time the team came to Philadelphia.

45,000 TO SEE GAMES

Boston, Oct. 6.—The world's series games to be played in this city next Monday and Tuesday will be witnessed by 45,000 persons, President Joseph J. Lunn, of the Boston Americans, announced today.

PLAYS IN OUTFIELD FOR THE PHILLIES

Beals Becker.

Beals Becker, New York and Cincinnati cast-off, is going to get a slice of the world's series coin this year. McGraw said Becker couldn't think fast enough for a big league club. But he has made a good record in the outfield for the Phils and hopes to cover himself all over with glory in the big series.

Killifer.

Killifer, the Phillies' mainstay behind the bat, is sure to be in the world's series and what is more he is likely to catch every game that is played. Killifer's reputation is among the best. He is a wise battery partner and one of the best throwers in the game today. He will have something on Cady and Thomas, the two Boston catchers, for Carrigan cannot be figured, for he catches but seldom and then picks Leonard to do the pitching for him.

KILLIFER TO PLAY

According to the latest information Catcher Killifer of the Phillies will be able to get into the game against Boston. If he does the defensive play of the Phils will be greatly strengthened as Killifer is the best all around catcher in the National League.

Football Is Popular

Football is certainly a popular game. Last Saturday in Columbus 1,500 lovers of the game witnessed the struggle between O. W. U. and Ohio State.

Silent Signals Will Be Used

Over at Indiana, Coach Clarence Childs has installed a silent signal system. What will this fellow do next? The football world awaits the move.

\$5000 FUTURITY

Lexington, Ky., Oct. 6.—Interest in the Grand Circuit races here today centered in the \$5,000 futurity for two year old trotters and the \$3,000 Tennessee Stake for pacers.

Among the entries in the Futurity were Nelly the Great, Direction, Bingen,

General Yorke, Volga, Bingen Silk, Anville, Helene Sultine, Leading Spirit, Ollie Watts, David Rankin, Meigs, Atlanta, Moga S., and Walnut Tree.

The Tennessee had as eligibles Direction I, Flower Direct, Braden Direct, Peter Stevens, Napoleon Direct and Walter Ochot.

JACK DILLON WON FIGHT

New York, Oct. 6.—Jack Dillon of Indianapolis, administered a severe beating to Jim Savage, of Orange, N. J., in their 10 round bout in Brooklyn last night. Savage was knocked down three times.

OUTLOOK AT CARLISLE

New York, Oct. 6.—Three Indian coaches have supplanted Glen S. Warner, at Carlisle, and are trying to weed the 23 candidates into an eleven as early as those that Warner used to turn out in the bygone days of football.

Carlisle ought to have a good team this year—but it won't be a world beater. It has good material—but not material of the kind that makes record smashing eleven.

The backfield candidates are showing up well—and the lineemen are doing likewise. Yet the Indian line, as it is made up now will be punctured often; the backs won't be able to smash through for huge gains as in the days of Jim Thorpe, Frank Mt. Pleasant and the others who made Carlisle history.

President Has Declined

Washington, Oct. 6.—President Wilson today declined an invitation extended by Representative Gallivan, of Massachusetts, to attend one of the world's series baseball games in Boston. The president already has promised to throw out the first ball in Saturday's game at Philadelphia.

COMING BACK TO MAJORS

The tallest pitcher in baseball, "Slim" Love, is coming back to the majors next spring as a member of the Yankees, who drafted him from Los Angeles of the Pacific coast league. Love had a trial with Washington two seasons ago but was so high in the air that batted balls rolled past him before he could get his hands down to the earth. This cost him his job.

Larry Lajoie doubtless remembers. He was by a little incident that transpired at Memphis in the spring of 1912. Love

was the rawest sort of a rookie and some tennis slippers in the box. Along about the fifth inning the Naps filled the bags with two down and Larry coming up.

Love began to quake at the knees. He looked over to the bench where Bill Bernhard, then manager of the club, sat, and pleaded for instructions. "Just a pass him, Slim," Love inquired. But Bernhard's assuring message was: "Pitch 'em big boys, pitch!" And he turned if he didn't fan the Frenchman!

May Trade Carey For Bob Beschler

Following closely on the heels of the transfer of Edgar Collins of the Pittsburgh Nationals to the Boston Braves by the waiver route, comes the report that Max Carey, also of the Pittsburgh club, is to go next. It is said that Carey is not in just right with the fans in Etna, Pa., and that a deal will be made following the close of the season, whereby he will be sold or traded.

Rumor has it that Carey will go to the St. Louis Cardinals in exchange for Bob Beschler. The latter is in about the same position in St. Louis that Carey is reported to be in at Pittsburgh.

Husky Lads In Lineup

Miami and Denison both confess to having teams that average 175 pounds. Denison has one tackle who weighs 190 and measures 6 feet and 4 inches in height. Ohio University at Athens has a very heavy team likewise. Some battles are ahead for these clever and heavy squads when they meet each other.

Never Any Other Way

One of the sad results of Saturday's games was the defeat of Wooster by Heidelberg. The new \$25,000 football field was being dedicated by Wooster and the team was playing its first contest for Coach Diles. It is sort of distressing to take defeat among such surroundings.

Willing To Give Special Reports

Foremaster Wm. C. Devereaux, in charge of the Cincinnati district, during his stay in Portsmouth emphasized the fact that he was always anxious to give out any information desired in regard to weather and river conditions. Mr. Devereaux said that any time business men or firms wanted special news, if they would call him up on the long distance, he would place all the information he had at their disposal. He said that some Portsmouth firms were already doing this.

COMPLIMENT POSTMASTER

Gets Interesting Letter From Son

Mrs. J. C. Strickland, of Grandview avenue, is in receipt of the following interesting letter from her son Earl, who is in the United States Navy, stationed at Genoa, Italy:

Genoa, Italy, Sept. 13, 1915. As the mail is going out in an hour, I will write you a few lines to let you know where I am. We moved here on the fourth from League, making the trip on the Collier Jason. We are having all kinds of excitement here. On the sixth a band of rebels tried to come in the town to burn it. We made a quick run from the center of the town to the outskirts and headed them off. We laid out there among mosquito and sand fleas for three nights and then were relieved by a new guard from our company. They are still on the outside looking in and are liable to stay there. We have enough machine guns in our company alone to clean out half of Italy. We are in a bad place here because half the town is against us, that is, the common class. The rebel chief came in to see if our captain would let him have half the town, but the captain gave him the

laugh. We would have driven them into the woods, but we were not allowed to fire unless fired upon. Well, this is all I know to write about at present. I haven't received a letter here yet. The mail service is very poor. With love to all, E. STRICKLAND.

OUR WATER WORKS

Some people were inclined to smile at Mayor Frick when he posed around that reservoir and expressed the opinion that the reservoir would not hold, that the leaky section would eventually undermine the support of the reservoir. Some people were inclined to grow sarcastic even when the mayor easily punched holes through the supposedly six inch concrete floor. However, people are not smiling nowadays. They on the contrary are thankful that Mayor Frick is on the job and they are confident that he will see to it that the city's interests are protected in regard to the reservoir as well as in regard to the pumps. It is evident that the reservoir job was a badly bungled affair, and there should be the strictest accountability for it, and the responsibility placed where it belongs. It is to be hoped that the matter can be straightened out without the city being compelled to spend \$100,000 or so in building another reservoir, as has been suggested.

In this connection it is learned that the mayor has some very extensive plans in mind for the reconstruction of the reservoir. His idea is to have the reservoir divided into four equal or component parts, admitting the water through two independent lines ascending the hill from the main trunk on Gallia pike, feeding each side of the reservoir, independently of the other. Then should there be any defect in any part of the reservoir, three-fourths of the capacity would be undisturbed.

Further, the mayor's observation of the water works intake has not led him to place the most implicit faith in its strength and he will urge that a duplicate intake be constructed so that the city would not be cut off from its water supply in case the original intake should collapse. A duplicate feed line from the plant to the filtration plant, and from the latter to the reservoir hill lines, and thence into the city, is also included in the plans for the betterment of the plant. This would eliminate the necessity of building another reservoir, as has been suggested, would insure continuous water supply under practically all conditions. The mayor feels that these improvements should be made prior to the abandonment of the Mill street pumping station, which is being kept in condition to run on short notice.

It is Mr. Frick's intention to devote his time to carrying out these ideas, as briefly outlined above, with the hope that in the end, Portsmouth will get what she is paying for, a complete water works plant, at as low a cost as possible or consistent with good work.

This water works problem is one for the citizens of Portsmouth to ponder over deeply within the next few weeks. They should keep their eyes on the plant until it is pronounced to be first class in every respect, until every condition of the contracts has been faithfully kept.

Funny how those great big, saw-mill voiced city cops take delight in bawling out curious, and perfectly innocent young fellows from the country. Here we just stood in the middle of Broad and High and were having the time of our life rubbering at the new Dasher Hotel building and a large cyclone, dressed in blue, descended on us in a perfect whirlwind of wrath. "Hey, you, git over there and pluster yourself against that there building if you want to rubber, can't you see that you're blockadin' traffic?" We "plustered" all right, but there's murder in our ordinarily pacific heart every time we think of that traffic cop.

Here the roll stocking has gone into the discard and not a solitary Portsmouth girl got in the fashion. But cheer up. There is yet time to wear the fur topped shoe and the short skirt, with the red, white and blue stocking to set 'em off. That's the sort of combination so much in evidence on High street in Columbus that the city folks don't even look any more, though we country rubes will take a peck as we stroll nonchalantly along in our best near-citified manner.

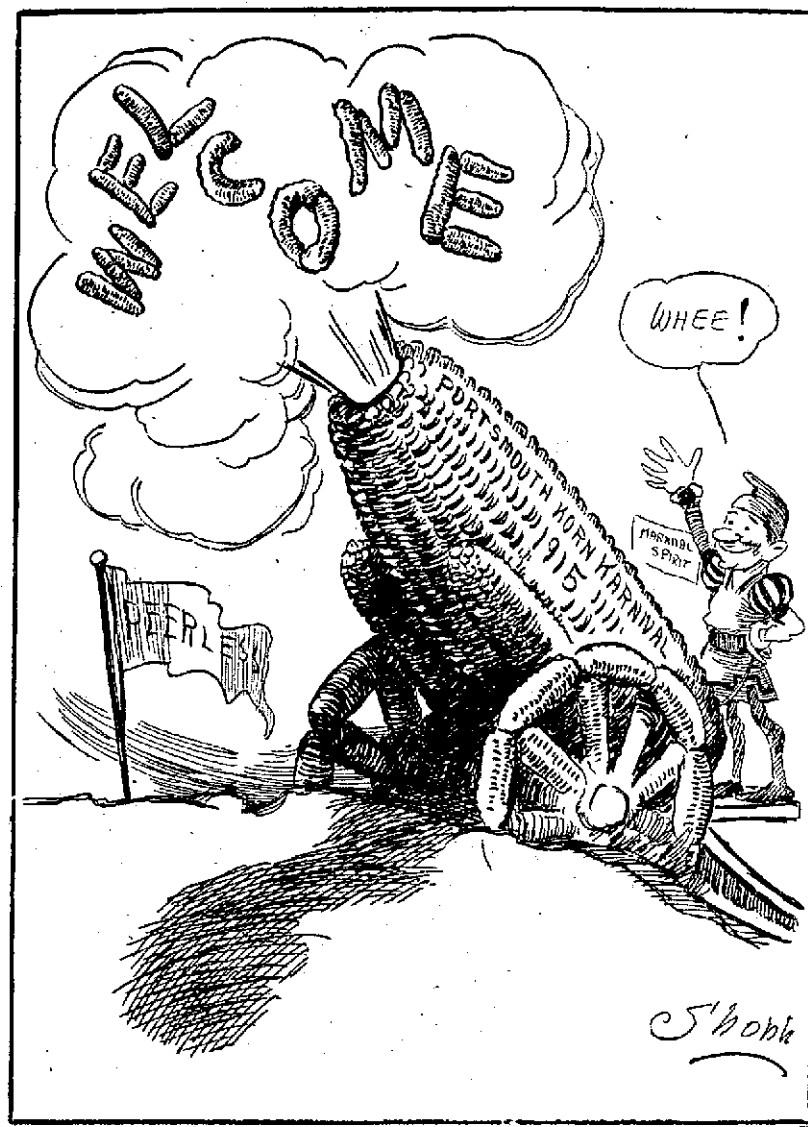

Our new deputy inspector of work shops and factories has been discovered. He runs a grocery down at a little place called Levanua, which is on some of the maps of Brown county. He may not be much when it comes to knowledge of factory conditions, but he must be some politician to land a job under the Willis administration that had always gone to a labor union man in Portsmouth or Ironton.

Judging by the tone of some English dispatches the Allies are in a frame of mind to concede the possibility of German victory on land. England is now talking about how her fleet will control the sea anyway if German armies do sweep the platter clean on land, and drawing parallels with the condition that obtained when Napoleon was at the zenith of his power.

We suppose that to be in harmony with the rest of the plant it is now in order for the pumping station, of our new water works plant to slide off into the Ohio river.

THE OPENING GUN AND A 42 CM. WELCOME.

THE SCHOOL BOARD.

The Cincinnati Post the other day had an editorial upon "The School Board and the Voter" that fits into Portsmouth conditions as well as those of Cincinnati. Just substitute Portsmouth for Cincinnati in the article that follows, and take the advice to yourself:

"Oh, anybody's good enough for the School Board!"

"It wasn't so very long ago that many of our citizens passed up School Board elections with the above remark. They thought they had more important things to think and worry about."

"But times have changed—and with them the personnel of our Boards of Education. Communities have been brought to a realization that their School Boards should be composed, of the highest type of educated, trained and successful citizens."

"Fathers, mothers, sisters and brothers, who have the voting power give as much thought to the selection of School Board members as the earnest voter gives before casting his vote for Mayor, Governor or President. One of the most important offices within our gift is membership in the Board of Education, and the people have awakened to a full realization of the importance of having the schools governed by men and women who know their business."

"Cincinnati's future depends upon the business and professional ability of the boys and girls being educated in her schools today. Cincinnati's aim is to keep pace with her sister cities in the march of progress, and this can be done only by giving the boys and girls in our schools the proper mental training and equipment. If we have better schools, with better results and more extended community training than other cities, we will be more successful and pass them in the progressive work of the future. Money wisely invested in the training of brain and hand into perception and construction will bring a return in dividends in citizenship in the next decade."

"Perhaps there are among us some who have not given this matter the proper amount of thought. Perhaps there are among us some who do not know that the cities which have spent the most money for public education in the last generation are the cities which have made the most progress in education, business and humanities, and that the cities which have the lowest tax rate for school purposes are bringing up the rear of the procession."

"It is the duty of every citizen to see that Cincinnati's school system is extended and that every educational opportunity is offered to its boys and girls. It is the duty of every citizen to study thoroughly the records of candidates for School Board membership, and then cast his vote for candidates who stand for progress, and who will not be tempted to cradle the school system because of political affiliations."

"The School Board should be a non-partisan body, working loath and mail for the good of the community. When you vote for School Board members this fall see that your vote is cast for the man or woman who will keep the schools out of politics and give a wise and honest administration."

The Russian bear is growling at Bulgaria just as ferociously as if he had not been kept busy making tracks to the music of Von Hindenburg's cannon. At that however, the Bear might make a meal off Bulgaria's between jumps.

Weather Man Deveraux gave us promise of perfectly delightful weather for the rest of the week. But we will reserve our few, nice, kind and laudatory words until Saturday evening. On the whole it might be safer.

Those Cincinnati Reds are so disappointing. Here they come down the home stretch, missing the last place hole by a margin of a point or two. Wonder if Cincinnati ever will get a real ball team, one that can play ball, not play at it!

We may be able to dedicate the big bridge this week, but there's no chance for anything in that line so far as the Great White Way is concerned. That may come along in time for a Christmas present.

NEW-YORK-DAY-BY-DAY.
BY O. O. MCINTYRE.

New York, Oct. 6.—The greatest, sublimest, most incomparable three ring tenor in our fair city. He began an engagement at a Broadway vaudeville theatre the other day. He is Ciccolini from Europe, the well known fighting zone.

The first "C" in Ciccolini's name is soft, the second one hard and the third about medium. Golden throated tenors have been here before but the throat of Ciccolini has been examined by the U. S. Army Office and found to contain deposits of the pure stuff.

When he first arrived the American custom inspectors classified him under the head of jewelry and endeavored to collect a 40 per cent duty. The press agent of the theatre says the management pays Ciccolini \$3,000 a week—which means about \$75 in regular Uncle Sam money.

While still under the same spell the management issued a statement saying Ciccolini was greater than Caruso. That is their story, they added, and they'll stick to it.

The former collections of Henry Siegel, the merchant prince, who used to prime it around New York with limousines, castles on the Hudson and the like, will be sold at auction next month. Siegel was head of the big department store that went down in a financial sky-rocketing stunt and Siegel is occupying a neat but not gaudy cell in prison.

One of the offerings in the art collection is a life size group of "The Wounded Abolitionist." Life-size groups of Siegel's own masterpiece, "The Injured Depositors" will not be on sale at this particular auction but they may be seen in almost every part of the city.

The young Brummel boys who pluster their hair back over their heads imagine that it is one of the new things of a fashionable age. Little do they realize that twenty-five years ago James J. Corbett, the pugilist, was brushing his hair that way.

Corbett was the originator of that particular style of brushing the hair. He did it to keep his hair out of his eyes in the ring and the custom has been growing and growing until every young fellow who wants to look like a Eyendecker collar model does it.

Of course Corbett's hair didn't lie down away like the young men's hair of today—but at the same time it must be remembered that Gibson wasn't drawing it that way at that time either.

Subway workers believe that accidents go by series. It is an old superstition often fulfilled. When the yawning hole in Fourth Avenue was followed by another accident in the heart of Broadway last week, there was no surprise on the part of the men who work under ground. They expected it and they expect others.

From a subway platform at 157th street one may see—if one cares for such things—a sign which reads:

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up any longer. Relief is here.

TWO-MILE DINNER OPENS 1915 KORN KARNIVAL

Weather Ideal And Enthusiasm Is High; Booster Parade To Come Off Tonight

OFFICIAL PROGRAM FOR TODAY

11:45 a. m.—Two Mile Dinner.
7:15 p. m.—The Boosters' Parade, ten divisions long, Albert Marting, grand marshal.
1 p. m. and 7 p. m.—Jack Richards, equilibrist and upside dancer, Market street esplanade.
2 p. m. and 9:30 p. m.—Torcasts' Trained Roosters, Second and Chillicothe streets.
3:30 p. m. and 9:30 p. m.—LeRoy and Paul, sensational horizontal bar act, Gallia and Findlay streets.
2:30 p. m. and 9 p. m.—Leo Earl, high wire artist, Sixth and Chillicothe streets.
4:30 p. m. and 10 p. m.—Ruth Howell Trio—high class novelty gymnasts, Seventh and Chillicothe streets.
Afternoon and Evening—Elks' Indoor Fair.

Portsmouth's 1915 Korn Karnival was ushered in Wednesday morning under the most auspicious circumstances, Old Sol beaming his brightest blessing upon the city and its people.

Long before the time for the two mile dinner, crowds of people thronged to the section of the city where the tables were spread ready to take their places at the tables at the first signal that the dinner was ready to start.

Thorough preparations had been made in advance by the hustling committees in charge of the various details of the big spread and no hitch developed that would delay the opening of what has proven to be the most novel and entertaining feature of the many attractions offered to Korn Karnival guests this week.

Early this morning workmen were busy building the wooden tables on wooden horses on Washington street from Second to Seventh street on Sixth street, from Chillicothe to Court and on Fourth street, from Washington to Court.

Paper table cloths printed at intervals with a cordial welcome from the Korn Karnival committee and the committee in charge of the two mile dinner, were spread on top of the wooden tables. The paper was furnished and printed by The Times.

The different church societies have made ample provision in advance for the dinner, and every one who comes will be served. The uniform menu consists of a meat sandwich, baked beans, potato salad, pie and coffee.

Lumber for the tables was furnished by the East Lumber company, while the Portsmouth Coca Cola company donated paper napkins.

Music by brass bands marching up and down the tables is the cap-stone of the big attraction planned by the Korn Karnival as the opening wedge of Portsmouth's stellar 1915 community show.

The stirring spectacle will be portrayed all over the country in Pathe's Weekly, Virgil Fowler, the local artist, being on hand with the motion picture machine.

All of the free attractions will give their opening performances this afternoon at the times set out in the official program.

The day's feature will close with the monster Boosters' Parade at 7:15 o'clock, which will be the longest parade ever held in the city. Every line of commercial and industrial endeavor in the city will be represented in the procession, which will be marked by marching delegations, automobiles, wagons, motorcycles and bicycles.

Portsmouth Elks have received their Korn Karnival caps, which are to be worn all week by members. They are finished in white, black and have a purple band around them with the letters R. P. O. E. in gold on the front of them.

12-YEAR OLD GIRL CAUSE OF A KIDNAPING CHARGE

Stanley Holmes and wife, Mary Holmes, of Quincy, Ky., were arrested by the police as they stepped from a motor boat here Tuesday evening, for alleged kidnaping Gladys Arms, aged 12 years.

The arrests were made on receipt of a telegram from Deputy Sheriff Chapman, of Quincy. The couple and the girl were taken to headquarters and it was not long until the child's father, Charles Arms, arrived, he coming up on a C. & O. train. He vehemently denied that his wife had given the daughter permission to accompany the couple to Portsmouth. He said she was first missed when she failed to return home from school at noon and that after a search was started for her it was learned she had been seen going towards the river with the couple. The girl, however, corroborated the couple's claims that her mother permitted her to make the trip.

Various remarks made by the parties caused the police to suspect that Arms and wife have had some disagreement, but it was not made clear just what the couple's motive was in bringing the girl to Portsmouth. They were locked up to await the arrival of Sheriff Chapman, agreeing to return to Kentucky without requisition papers. The girl was turned over to the father.

NAVAL ADVISORY BOARD MEETS

Washington, Oct. 6.—The new naval advisory board, of which Thomas A. Edison is chairman, met for the first time here today to effect organization, to lay plans for future work and for conferences with naval experts on problems now before the navy department. Mr. Edison presided and most of the 21 members of the board, as well as the advisory council of the department, were present. The board had engagements after its meeting to call on President Wilson and to visit the naval grounds at Lathan Head, Md., to witness tests for the new H-bomb. The most pressing problem to be laid before the board for consideration will be that of perfecting of gasoline or oil motors for aeroplanes and submarines. Next in importance will be that of defense against torpedos attack.

WIRELESS STATIONS TO BE ORGANIZED

Washington, Oct. 6.—All commercial and amateur wireless stations in the United States will soon be organized by the navy department in case of necessity or emergency. Hundreds and perhaps thousands of operators along the coast lines would be instructed to "listen in" on any radio conversation that might be in progress within range of their instruments each station using a different wave length. The result would be to establish a line of radio "eavesdroppers" around the country which would be certain to intercept any message transmitted by ships at sea or shore stations beyond the borders south or north. Intercepted messages would be promptly reported to the navy department which will be able eventually to communicate with all Atlantic coast wireless stations at least, directly from the office of Rear Admiral Benson, chief of navy operations.

To facilitate co-ordination of the communication methods of the navy, five wireless antennas are now being erected on the roof of the state war and navy buildings here and in a sound proof room close to Admiral Benson's office will be established what might be called a test radio station with five operators and five sets of instruments. By relaying through the central navy radio plant at Arlington, Va., station the department will be brought in direct touch with any part of the vast wireless system now being constructed to reach from Maine to Cuba and from Arlington to the Philippines with stations at Honolulu and Guam.

Telegraphic and telephone instruments will be installed in rooms adjoining the radio outfits and when completed, Admiral Benson will have a system established for swift handling of navy business in times of peace or war not heretofore known.

ELKS BIG INDOOR FAIR GROWS IN ENTHUSIASM

Another big night was enjoyed Tuesday night by Portsmouth Elks and their guests at the indoor fair in their new quarters in the Play House building, the crowd far exceeding that of Monday night in size and enthusiasm. Several new booths were opened for the first time, among them L. P. Haldeman and Charles Hall's Charlie Chaplin shooting gallery and Exalted Ruler Stanley McCall and Anselm Skelton's novelty booth, both situated on the sidewalk opposite the outside entrance, and the Country Store on the third floor, operated by Alfred Richardson, Dr. William Tremper, and Dr. Challis Dawson. Dr. Mytinger added another freak to his animal show, an eight-legged cat.

New faces were seen on the police force, Howard Harsha and T. M. Gynon succeeding to the places held Monday night by Floyd Fuller and F. D. Rawson, both of whom were suspended for insubordination. Chief Sidney Anderson was again on the job, but he drew an hour's suspension for appearing in civilian clothes. Nick Shively was still on the force. John Jones was the judge, and he let no guilty man or woman escape.

The refreshment booths did a thriving business and the hustling committee, composed of Joseph Augustin, William Byers, William J. Schwartz, Otto Maier and Ralph Ruggles, was kept on the go serving the wants of patrons.

The dance hall was liberally patronized Tuesday evening, and presented an animated appearance. This feature is in charge of a committee composed of Isador H. Goodman, chairman, Ernest Kelley, and William Piskley.

Beginning this afternoon the tea room on the large porch around the building will be put in operation. Mrs. Samuel Horshaw will have charge and will be assisted by a bevy of Portsmouth's prettiest young ladies.

Every one at the fair Tuesday evening had a rollicking good time and the true Karnival spirit reigned throughout the evening. The lodge realized handsomely from its attractions, and the committees worked untiringly to make their efforts a success.

During the four days of the Karnival the fair will be open afternoon and evening and the public is cordially invited to attend. Admission is free.

JOHN D. ROCKEFELLER TAKES PART IN BIG LOAN TO ALLIES; STILLMAN LEADS INDIVIDUALS WITH \$5,000,000 SUBSCRIPTION

At the left: John Pierpont Morgan (top) and John D. Rockefeller. Centre: H. P. Davison. Right, top to bottom: William Rockefeller, Thomas F. Ryan and James Stillman.

Reports of his aversion to war loans notwithstanding, John D. Rockefeller is one of the big subscribers to the \$500,000,000 loan to the allies. The biggest individual subscriber to the loan is James Stillman, who is to take \$5,000,000 worth of the Anglo-British bonds. Other individuals who have made big subscriptions are J. Pierpont Morgan, William Rockefeller and Thomas F. Ryan. "I think the loan will be over-subscribed," says Mr. Davison, who has been the active partner of J. P. Morgan & Co. in the concluding stages of the negotiations.

G. A. R. TENTS IN U. S. PENSION BUILDING

G. A. R. veterans in front of tent in U. S. Pension Building.

One of the most attractive features of the G. A. R. reunion now being held in Washington is the tents erected in the court of the Pension Building and many of the veterans make their headquarters there. Commissioner of Pensions Gaylord M. Saltzgeber has been one of the leading spirits of the great celebration and it was his idea to place these tents where they are used as meeting places and headquarters for those of the veterans who would care to use them.

STEEL PLANT VS. N. & W.

The Boosters' parade this evening is going to be featured by intense rivalry between the employees of the steel plant and the N. & W. terminals to see which industry can turn out the largest number in the parade. Lester Howard is drumming up the steel employees and C. I. Cleghay is marshaling the railroad men. Both are claiming that over a thousand men from each place will be in line.

The third division of the parade will be made up of employees from the B. & O. S. W. and N. & W. railroads and the steel plant.
